The Wellington District Licensing Committees (DLCs) were appointed by Wellington City Council from 18 December 2013 in accordance with the Sale and Supply of Alcohol Act 2012 (the Act) and with Council's *Terms of Reference and Delegations for the 2013/16 Triennium*, adopted on 14 November 2013. The DLCs are charged under the Act with dealing with alcohol licensing matters for the Wellington district.

Three Wellington DLCs were appointed, chaired by Commissioners Hon Sir Douglas Kidd (District Licensing Commissioner A), Rex Woodhouse (District Licensing Commissioner B) and Murray Clearwater (District Licensing Commissioner C).

During the period from 1 July 2013 to 17 December 2013 inclusive, licensing matters were dealt with by the former Wellington District Licensing Agency, which ceased operations from 18 December 2013.

1.2 WORK FLOW

In the period from 1 July to 17 December 2013, the Wellington District Licensing Agency received a total of 1149 applications.

From 18 December 2013 to 30 June 2014, the Wellington DLCs received a total of 825 applications.

The combined total number of applications received by the Wellington District Licensing Agency (DLA) and the Wellington DLCs in the 2013 - 2014 financial year was 1974, which is 142 less than were received by the Wellington District Licensing Agency in the previous financial year.

1.3 CONFERENCES AND TRAINING

All Members and Chairs of the Wellington DLCs, together with Julie Sleep, Alison Curtis, Clare Needham and Helen Jones attended the Sale and Supply of Alcohol Act 2012 DLC Training delivered by Local Government New Zealand (LGNZ). Deputy Chairs Councillors Pannett and Foster also attended this training.

Julie Sleep and Karen Binnie attended the Sale and Supply of Alcohol Act 2012 Committee Advisors' Training delivered by LGNZ.

Council Approvals and Operations Officers and Inspectors attended training on the Sale and Supply of Alcohol Act 2012 provided by ACC in November 2013. These training sessions were also attended by Police and Medical Officer of Health staff.

DLC Secretariat and support staff, and DLC Members and Chairs, receive ongoing internal guidance and training on process and case law developments.

1.4 CHANGE IN BUSINESS COMPARED WITH THE DLA UNDER THE SALE OF LIQUOR ACT 1989

The Sale and Supply of Alcohol Act 2012 established a new system of alcohol licensing, including determination of all alcohol licences, Temporary Authorities, and manager's certificates by DLCs. Consequently, there has been a range of changes to the business of alcohol licensing. Some of the key changes are summarised below.

Secretariat

The in-house Council Secretariat that services the DLCs has put in place numerous administrative changes, including:

 developing and publishing new forms for all licence applications in line with the Sale and Supply of Alcohol Regulations 2013

- setting up new processes to meet the administrative requirements of Part 2 of the Act including for:
 - accepting licence applications and payment of fees
 - public notification of applications
 - reports from statutory agencies (Inspectors, Police and Medical Officer of Health)
 - public objections
 - waivers
 - providing application packs to the DLCs for consideration
 - recording DLC decisions in statutory registers; and
 - issuing licences and manager's certificates.

Licensing Inspectorate

The new Act requires that the Council's Licensing Inspectorate be independent of its DLCs. Under the Act, Licensing Inspectors provide expert evidence and opinion on all licence and manager certificate applications as a statutory reporting agency in accordance with the processes set out in the legislation.

Committee Advisors

The DLCs are supported by the Council's Democratic Services team, which services all meetings of Council and its Committees. The role of these personnel has been to set up and administer all meetings and hearings of the DLCs, including assigning members and Chairs to meetings/hearings. They also notify the parties and the public of fixtures, and manage the meeting procedure (e.g. taking oaths/affirmations and collecting supporting information and evidence).

In addition, the DLCs receive support as regards due process at hearings and in the preparation of their decisions from the Principal Advisor.

DLC processes

The new Act has broadened the range of decision-making available to the DLCs, compared to what could be done by the DLA under the 1989 Act. The DLCs, for example, are empowered to consider and determine opposed applications and are required to decide Temporary Authorities in Committee. The DLCs have, consequently, conducted hearings and meetings and a range of procedures have been developed for this.

The DLCs have addressed a number of procedural issues by way of interim orders (e.g. Minutes or Directions Memoranda). They issued nine such interim orders in this reporting period. The DLCs have also been called on to consider requests for waivers under the Act in a range of circumstances where the applicant or other parties have failed to meet the strict legislative requirements (e.g. for a failure to advertise an application on time or for the late lodgement of an application or objection). Between 1 April and 30 June 2014, the DLCs granted 40 waivers and declined two.

Publication of DLC decisions

The DLCs are supported in the preparation of their decisions by the Principal Advisor, whose role includes ensuring that those decisions are made publically available as required by the Act. All decisions made by the DLCs are published on the open access website for New Zealand judicial decisions: www.nzlii.org.

A weekly report of premises licence applications received by the DLCs are published on the Council's website at:

http://wellington.govt.nz/services/consents-and-licences/alcohol-licensing/have-your-say-on-licence-applications/recent-applications

Interested persons can also sign up for weekly web alerts.

1.5 AGENCY MEETINGS AND HEARINGS

During this reporting period, there were no hearings of the DLA prior to the end of its operations on 17 December 2013.

Since 18 December 2013, the DLCs have convened the following meetings and hearings:

- 12 meetings to consider and determine 26 Temporary Authority applications; and
- · three hearings to consider and determine:
 - one on-site special licence application
 - one new on-licence application
 - one Temporary Authority; and
 - three opposed manager's certificates.

1.6 ANY NOTICEABLE TRENDS OR ISSUES FACED BY THE DLCS

Special licences

There has been some concern expressed by licensees about special licences and uncertainty as to when these are required. Holders of On-licences would like greater certainty as to when a special licence can be granted (e.g. what the scope of an "event" is under the new Act). People wishing to run supply-only events (e.g. a 40th birthday in a hired hall with no caterer) wish to know whether they need a special licence for these.

Support/training for DLCs

DLCs are part-Tribunal, part-Commission of Inquiry and part-Council Committee. The legislation under which they operate is complex and there are few legal practitioners operating in this space. Additionally, many Territorial Authorities have limited resources to dedicate to this work.

The DLCs look forward to participating in ongoing training and support, which might include guidance about the Act and its Regulations and other relevant law, and also formal opportunities for networking and information sharing to improve consistency of approach nationwide. Some activity has taken place in this space, arranged by LGNZ and the Health Promotion Agency.

Committee initiatives

District Licensing Commissioners have participated as presenters in some educational fora around the new legislation and licensing regime.

For example, Commissioner Rex Woodhouse spoke to a gathering of community group leaders in Palmerston North at a Health Promotion Agency workshop on the Sale and Supply of Alcohol Act 2012, and Commissioner Murray Clearwater presented to the Environmental Health Officer Conference on the decision-making role of the DLCs. Care is taken that, in undertaking this sort of educational outreach activity, Commissioners do not take part in activities that might imply partiality.

Members of DLC support staff have also participated in initiatives, including:

- The Principal Advisor attended Wellington Liquor Liaison Group meetings, alongside representatives from the Police, Licensing Inspectorate, Medical Officer of Health, Health Promotion Agency and Hospitality New Zealand. The purpose of these meetings is, as set out in section 295 of the Act, to:
 - (a) establish and maintain arrangements with each other to ensure the ongoing monitoring of licences and enforcement of the Act and
 - (b) work together to develop and implement strategies for the reduction of alcohol-related harm.

 The Principal Advisor took part in a workshop run by the Health Promotion Agency to prepare a guide for applicants to the DLC hearing process.

In addition, when the new Act came into force, Council support staff undertook the redevelopment of the alcohol licensing information on the Council's website and produced resources to assist customers to navigate the new alcohol licensing regime, for example, a guide to hearings resource document.

Wellington's provisional Local Alcohol Policy

In accordance with Part 2 subpart 2 of the Sale and Supply of Alcohol Act 2012, Wellington City Council has developed a provisional Local Alcohol Policy (the provisional LAP).

The provisional LAP represents an updated approach to alcohol management in Wellington City. It is intended to provide guidance to decision-makers in applying the new Act and any amendments that may come in the future.

Council also prepared an Alcohol Management Strategy to provide a strategic context for the provisional LAP. There was an extensive engagement programme to support the development of the Strategy and LAP, which sought to elevate the discussion from alcohol-harm reduction to how we can foster a safe and vibrant late-night economy.

The Alcohol Management Strategy and Provisional Local Alcohol Policy were agreed by Council on 3 October 2013. They are intended to provide a strategic context and guidance to decision-makers in applying the Act.

Key elements of the provisional LAP include:

- 11 guiding principles.
- A 'risk management framework' to guide decisionmakers to assess the suitability of applicants (both onlicence and off-licence) for late-trading. Late trading is defined as trading beyond 3am for on-licence and trading past 8pm for off-licence.
- Central area on-licence maximum trading hours of 7am-5am the following day.
- Suburban on-licence maximum trading hours of 7am-1am the following day.
- Off-licence maximum trading hours of 7am-11pm.
- Central Area and Southern Zone identification as areas in the city with specific alcohol management needs derived from a mix of District Plan objectives; locationspecific, alcohol-related harm data; international best practice and a desire to change the mix of trading activity.

- Density and Proximity hearing flags that alert decisionmakers to the need for closer examination (via public hearing) of issues related to location, level of assessed risk, proximity (within 100m or adjacent) to sensitive facilities.
- Clear information on public notification and participation.

Key elements of the strategy include:

- An implementation plan that addresses issues related to:
 - pre-loading and side-loading
 - late-night activity in the central city
 - alcohol availability, events and sector collaboration.
- Key initiatives include:
 - a voluntary six-month trial of off-licence closing at 9pm for the central area and southern suburbs, on Friday and Saturday nights
 - an initiative to explore regulatory and educational tools to encourage greater responsibility and ensure Wellington is a safe and vibrant entertainment destination.

As at 30 June 2014, the Wellington provisional LAP was the subject of appeals under the Act by the following parties:

- 1. Progressive Enterprises Ltd
- 2. Foodstuffs North Island Ltd
- 3. Super Liquor Holding Ltd
- 4. Capital and Coast District Health Board
- 5. New Zealand Police
- 6. Medical Officer of Health
- 7. Wellington Inner-City Residents and Business Association Incorporated
- 8. B & M Entertainment Ltd.

Current legislation

As at 30 June 2014, the Sale and Supply of Alcohol Act 2012 had been in full force for just over six months. As is often the case with a new Act of this size and complexity, a number of issues have been identified as the Wellington DLCs have implemented the Act. These include some drafting and implementation issues, and also areas where enhancements could assist in achieving the Act's policy objectives.

Drafting and implementation issues

The following issues with drafting and implementation have arisen in the early days of the DLCs applying the new Act:

- There is no definition of "prohibited persons" in the Act. It would be helpful to have one added to section
 5. It appears that it is intended to mean minors and intoxicated persons.
- In the Sale and Supply of Alcohol Regulations 2013, the following could helpfully be amended:
 - forms 9 and 10 should include "Easter Sunday" in condition (a)
 - form 11 instead of Part 6 should refer to Subpart 7 of Part 2
 - form 12 and 13 should refer to Subpart 6 to Subpart 7
 - form 14 should refer to Section 120 not to Sections 280 and 283.
- Sections 65 and 66 of the Sale and Supply of Alcohol
 Act 2012 could be included in the list of public registers
 in Schedule 2 to the Privacy Act, which it appears has
 not yet been updated (it still refers to the provisions of
 the Sale of Liquor Act 1989).
- It would be of assistance if provision were made to enable the Secretary of the DLC to truncate the ten working day notice period for special licence hearings where such applications need to be dealt with urgently. In some instances there has been insufficient time for a special licence hearing after opposition has been raised.

- It is suggested that section 231(4) of the Act (i.e.
 notice of non-approval of appointment of temporary
 or acting manager) and also Temporary Authority
 applications be added to the list in section 191(3) of
 matters than can be determined by a District Licensing
 Commissioner alone.
- It would be helpful if there was clarification in the Act that, as of 18 December 2013, all existing licences were intended to be deemed to be subject to the default maximum national trading hours and to have the hours on which they were issued deemed to have been amended to that effect.
- Section 16 as currently drafted does not appear to reflect the reality of the majority of catering operations, which have a home base commercial kitchen and deliver food and alcohol from there to other premises for consumption. The current provisions could be interpreted as an opportunity for all on-licence holders to claim a right to cater events away from their main premises. This does not appear to have been the intention of the policy-makers. Section 16 could helpfully be amended to clarify that a section 38 endorsed on-licence is for catering only and that a separate on-licence is required for a licensee who also wishes to operate its own restaurant, tavern or other on-licensed premises.

- Also in relation to caterers, the Act does not expressly
 exclude licensees with a section 38 endorsement (i.e.
 caterers) from the application of the sacrosanct day
 trading restrictions in section 47. In the Regulations,
 however, Form 9 states that caterers are excluded from
 that prohibition. This appears to have been a drafting
 oversight and it is suggested that the Act be amended
 to remedy it.
- Section 102(4) of the Act as currently drafted is ambiguous. Possible interpretations include:
 - You can't raise suitability issues as part of an objection unless the application is to renew a licence on its existing conditions;
 - You can't raise anything except suitability if the application is to renew a licence on its existing conditions.

It would be helpful if the intention of this provision was made clear.

Policy enhancements

Clarity would be welcome as to whether "supply only" events are intended to require special licences and, if so, which such events. This is in light of the change of wording in section 22 (and elsewhere in the Act) from "sale and supply" to "sale or supply". This change has increased uncertainty around special licences and when these are required.

5

Other matters

The DLCs and the Wellington City Council would welcome further coordinated, centralised promotion of best practice in the operation of the new Act and its Regulations and would like to see this made available to the alcohol sector nationwide.

Statistics

The DLA accepted 1149 applications in the period from 1 July to 17 December 2013. From 18 December 2013 to 30 June 2014, the DLCs accepted 825 applications. The combined total number of applications accepted by the DLA and the DLCs in the 2013-2014 financial year was 1974, which is 142 less than were received by the DLA in the previous financial year.

Below is a table showing a comparison of previous years. Please note that these figures include renewal and endorsed licence applications.
