3. 25 year partnership, Thank you!

To: Wellington City Councillors and Mayor Justin Lester.

263 of 300 signatures

Outrage! Wellington Citizens Advice Bureau is under attack.

Campaign created by
Marie Anna Pradine

Sign and share this petition amongst friends, peers and family to stop funding cuts to the CAB. We the community, need to mobilise in support of our CAB to stop cuts that put the entire service at risk.

We ask that Wellington City Councillors and Mayor Justin Lester put an end to the threat of funding cuts and loss of premises for the Wellington CAB.

Why is this important?

The Citizens Advice Bureau (CAB) is under attack from none other than our local council representatives. The Wellington City Council is threatening to cut 85% of the funding from local CAB's after seemingly minimal consultation. There is no justification for jeopardising an organisation that is so fundamental within our community.

The CAB Wellington offers free information services to anyone who needs it. Be it students, tenants, new migrants, employees, employers, bankers, pet-shop owners, people in relationships or hair dressers - support from the CAB's highly trained volunteers is ready and waiting.

The CAB is used by us, the service is delivered by local volunteers who care. If council really care about local community, why are they threatening such an important community service?

On June 14th local council are meeting to discuss CAB funding amongst other things. We need to show them that any cut in CAB funding is not acceptable and that we the people - stand behind the CAB - support them by signing the petition.

“ Agree - shame on Wellington City Council - will they now employ people to advise - doubt it. CAB volunteers give tremendous service and can put clients in touch with just the right source to help with their problems. To say it doesn't help the 'needy' shows ignorance - need is at all levels of society.

Marika F. 7 days ago

“ In my job I recommend CAB all the time. This is something I would want my rates. Have a heart Wellington City Council

Michele S. 7 days ago

“ An absolutely vital service for people who have no other options or ideas about how to help themselves or others! WCC shame on you!

Bridget G. 9 days ago

Item 1.6.3 Attachment 1

To: Wellington Mayor & City Councillors

Save Wellington Citizens Advice Bureau!

Dear Mayor Lester & Wellington City Councillors

We ask that you reinstate your 3-year funding commitment to Wellington Citizens Advice Bureau at the same level (as a minimum). We also ask that you recognise Wellington Citizens Advice Bureau as a core strategic partner in supporting community well-being, by developing a long-term secure funding relationship.

Item 1.6.3 Attachment 1

Oral submission on by Traffic Resolution TR14-18

Jim Marsden 14/6/18

I co-own 7-9 Holland St. I'm a partner in a business which is involved with set estimation and construction for films and Wellington theatres, and which has a workshop there. About 20 people live or work in the building.

First of all, the number of changes to the resolution make it difficult to understand, and it's no longer the one submitters commented on. There's also confusion over the number of carparks being reduced. Submitters were referring to the reduction of 13 carparks presently available for general use, while the urban designer's explanation and responses acknowledged the reduction of only the 7 pay and display parks, ignoring the 6 others.

Secondly, there's no need to come to a decision on the parking yet, while the Laneway design is undeveloped. Parking should not be designed in isolation, nor lead the design process.

As for the proposal, it creates a street that over-prioritises deliveries and traffic flow, counter to the aim of creating a pedestrian friendly, inviting streetscape. The empty canyon created in the main shady and windy section of the street, broken up only by deliveries, reads as an uninhabited vehicle zone, forbidding rather than inviting. See the 2nd drawing below.

Cars parked in the street both suggest, and support occupancy in the surrounding buildings. They moderate the scale difference between a person and the tall buildings on each side; bring people into the street; make practical use of the shady, uninviting north side, and reduce the street's width, so that vehicles are driven with the care that mixed use requires.

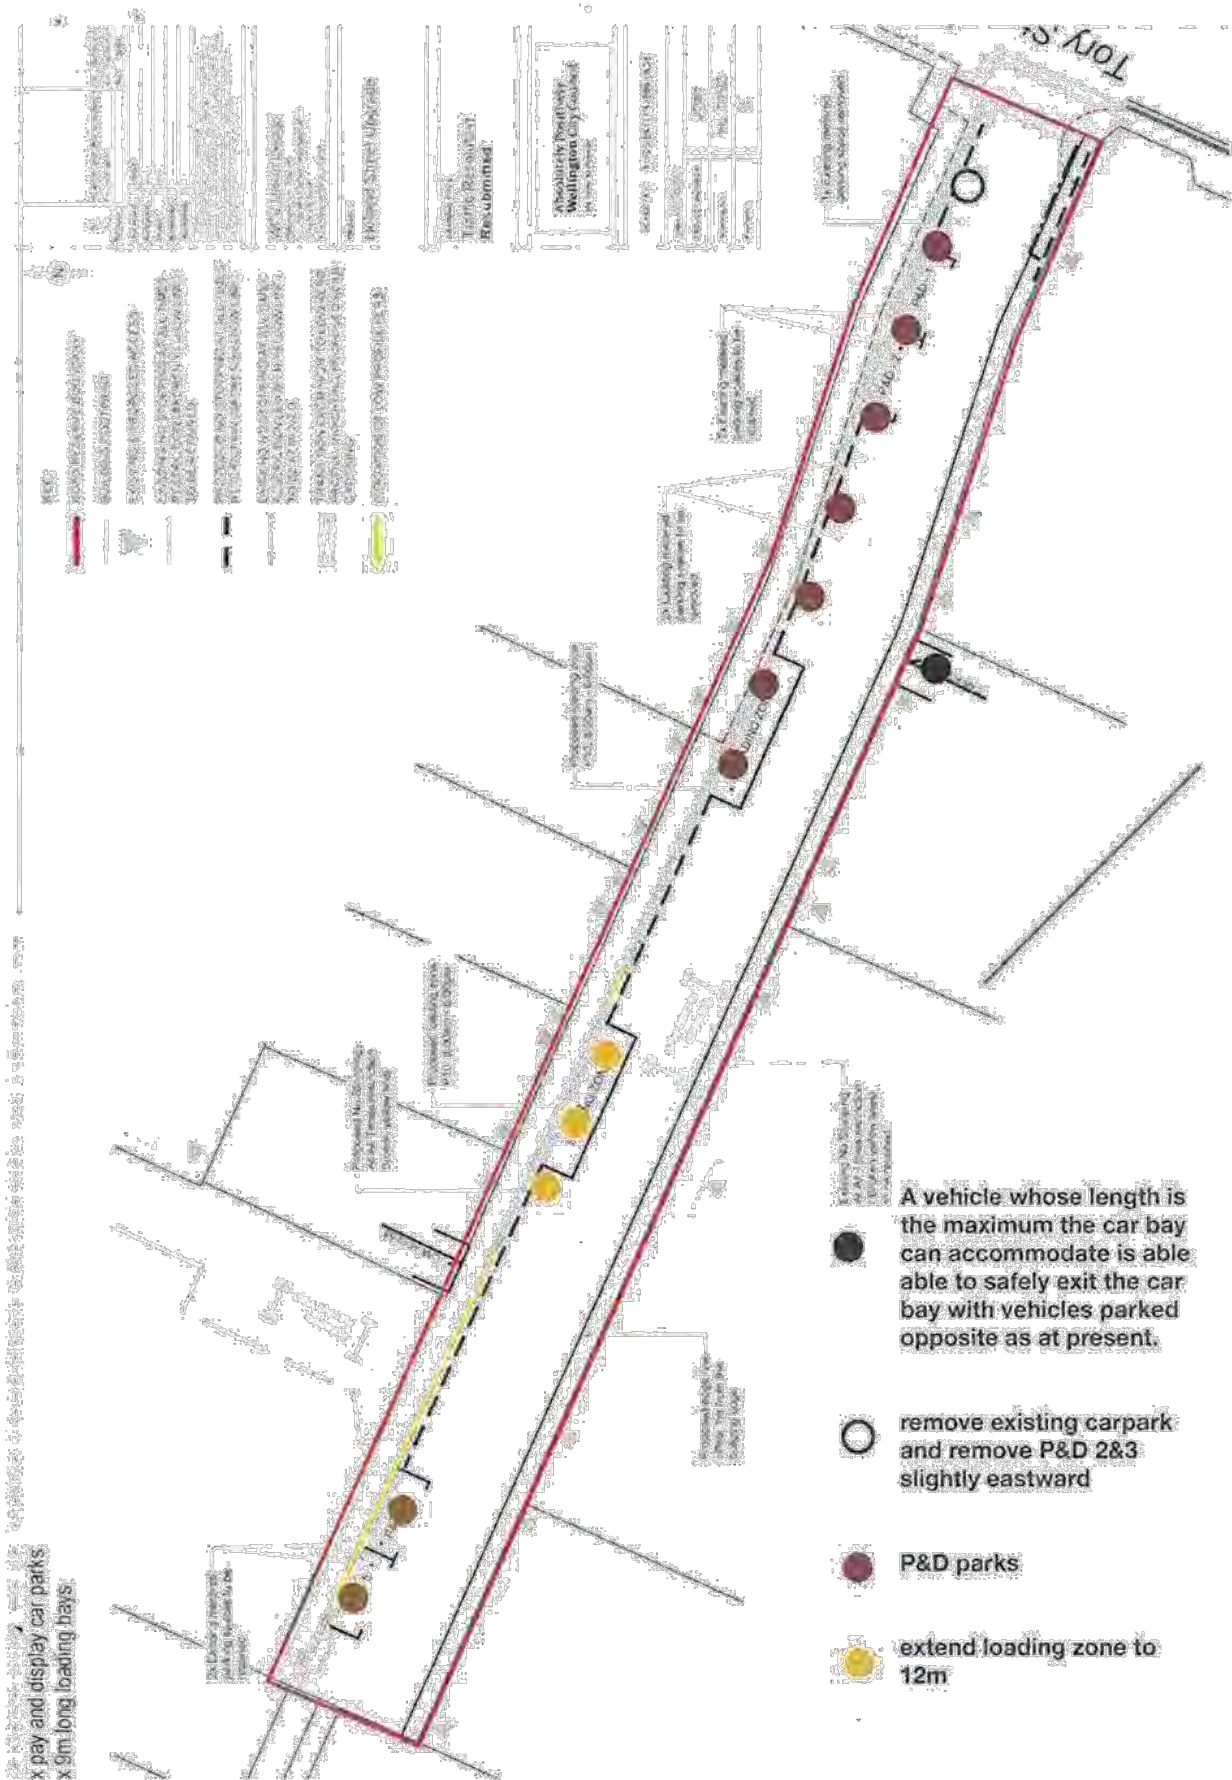

Readily available parking supports the long term occupancy necessary for a sense of community, which in turn contributes to a safe and inviting pedestrian environment. Businesses and residents have detailed their concerns about the reduction of parking in the written submissions, but the servicing of buildings was mentioned only briefly. That occurs regularly for fire systems, lifts, and cleaning; and also, when necessary, for water, waste & electrical systems; appliance repair; painting, and construction. Those service people need ready access to the equipment in their vehicles, and their parking needs are not catered for by the time restrictions of a loading zone.

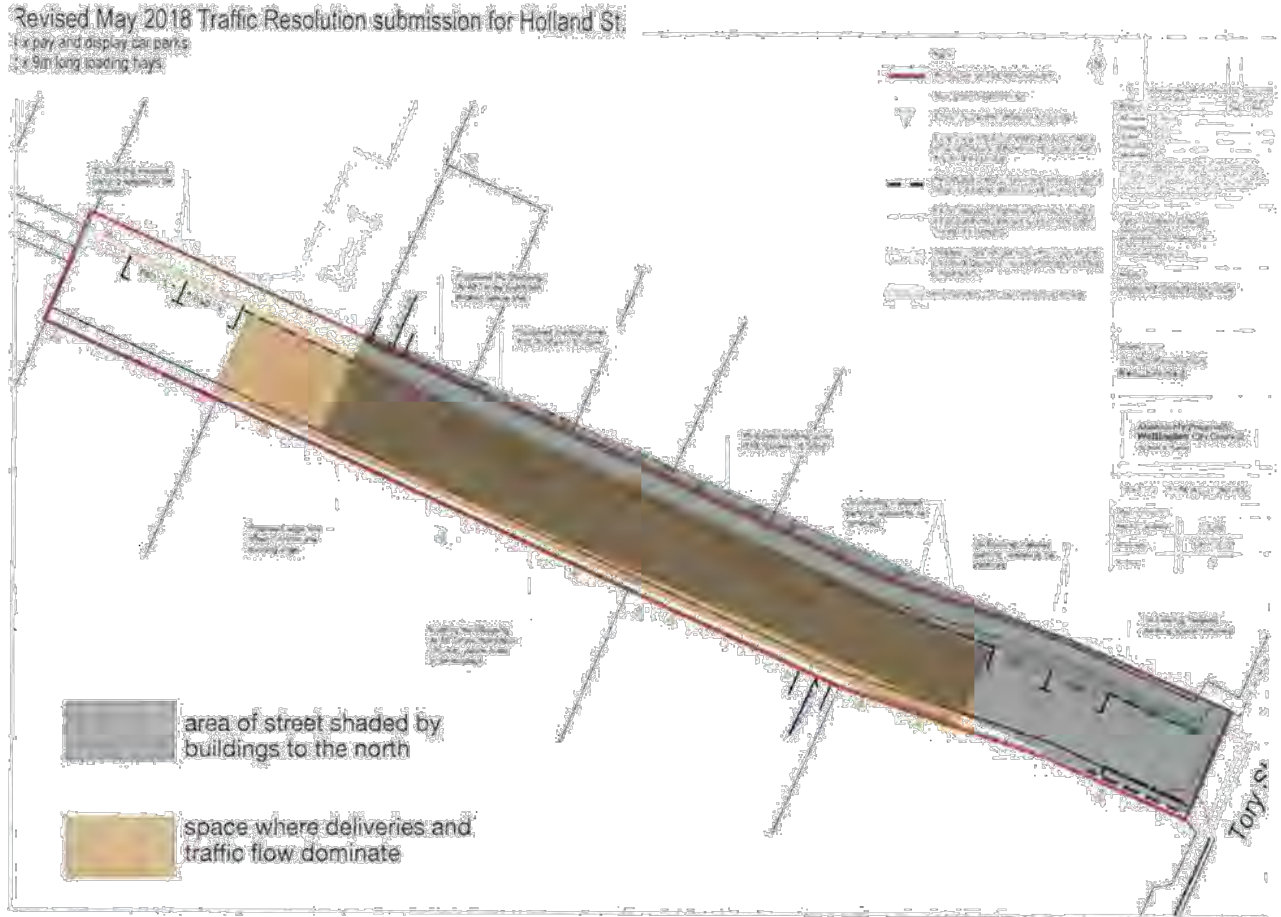

To take account of the parking needs of service people, clients, community workers, long term occupants, visitors, and families with children as well as deliveries; to provide a more human scaled environment for pedestrians, and to reduce the width the street so that drivers take the care required for mixed use, I suggest that parking spaces could be arranged as on the 1st drawing below.

The intimacy and buzz of Holland street is presently appealing, and the parking enables that. Add improved surfaces, lighting of a subtle industrial nature, and a green space with seating, out of the traffic flow at the sunny west end, and it'll be great.

To summarise, I'd like councillors to reject this resolution because:

1. it over-emphasises deliveries at the expense of other users;
2. it creates a forbidding canyon-like open space, broken up only by deliveries, sited in the shady part of the street in the centre of the traffic flow. That's counter to the aim of a pedestrian friendly streetscape.
3. it unnecessarily removes carparks that are essential for buildings to be serviced, and that support the long term occupancy necessary for a sense of community, which in turn contributes to a safe and inviting pedestrian environment;
4. the design being presented is not the one submitters received, and should not be accepted without having had public submissions, and
5. there's no urgent need to change the parking and it shouldn't lead the Laneway design process.
6. I understand the laneway project will gear up after earthquake strengthening on the St James is finished in about 3 years, and this proposal offers at least until then, a line on the road and a street that functions well only for traffic flow and deliveries.

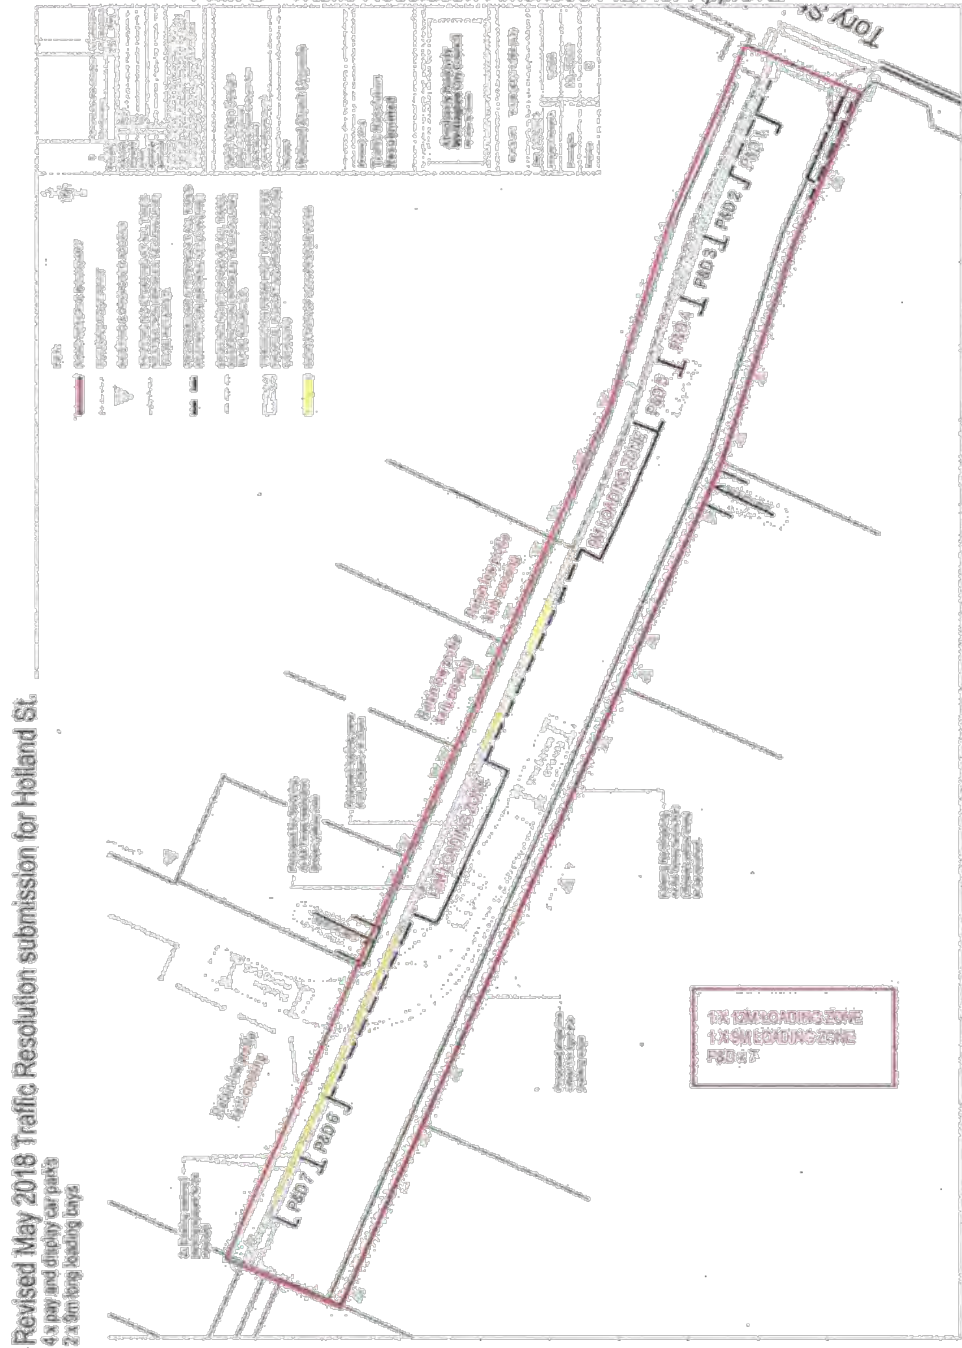

The proposal creates a street that over-prioritises deliveries and traffic flow, counter to the aim of creating a pedestrian friendly, inviting streetscape. The empty canyon created in the main shady and windy section of the street, broken up only by deliveries, reads as an uninhabited vehicle zone, forbidding rather than inviting.

Kaye Su

PROPOSED TRAFFIC RESOLUTION

Absolutely Positively
Wellington City Council
Me Heke Ki Pōneke

Plan B - Traffic Resolution Amended Plan for Approval

Revised May 2018 Traffic Resolution submission for Holland St.
4 x pay and display car parks
2 x 6m long loading bays

Item 1.6.6 Attachment 1

Amended location of "Polish Children – Polskie Dzieci" Square
