(Councillor Morrison returned to the meeting at 11.18am.)

14. Stuart Young (submission number 476) addressed the Committee in support of his submission. Mr Young advised the meeting that as a keen walker and dog owner there is a need for a public toilet at Palmer Head. He suggested the particular model of toilet which would be suitable for the area. TABLED INFORMATION: reference 148/12P(f)

15. Alan Chambers (submission number 531) addressed the Committee in support of this submission and asked that Council needs to build a new deep water swimming pool. He believes that this could be a joint venture with a school or a private venture.
16. Rhys Watson (submission number 553) addressed the Committee in support of his submission regarding the changes to the charging for Road Encroachment. Mr Watson recommends that Council revert back to previous policies which charge a “peppercorn” rate which will encourage people rather than discourage the utilisation of road reserve for off street parking.
16. Tom Halliburton (submission number 640) addressed the Committee in support of his submission. Mr Halliburton advised that he cycles into Wellington from the Hutt Valley and travels along the Hutt Road cycleway. He commented that it is used by commuter cyclists who

travel at faster speeds than recreation cyclists. Mr Halliburton urged that Council fix the cycleway at the Westminster Street intersection and provide some traffic and parking enforcement.

17. Colin Ryder representing Friends of Taputeranga Marine Reserve Trust (submission number 715) addressed the Committee in support of their submission. Mr Ryder highlighted the Trusts view of submitting on the natural environment component of the Draft Long-Term Plan.

(Councillor Pepperell left the meeting at 12.00pm.)

18. John Burrell (submission number 1002) addressed the Committee in support of his submission. Mr Burrell advised the meeting that he is facing an increase of 43.2% for his rates as a commercial ratepayer, even though he is an area which is nearly all residential properties. He advised that he would like to stay in Wellington but this increase is making him consider selling the property and relocating to Lower Hutt for his business.

(Councillor Morrison left the meeting at 12.01pm.)

(Councillor Pepperell returned to the meeting at 12.01pm.)

(Councillor Ritchie left the meeting at 12.01pm.)

(The meeting adjourned for lunch at 12.06pm and reconvened at 1.20pm.)

(Mayor Wade-Brown, Councillors Ahipene-Mercer, Best, Cook, Gill, Lester, McKinnon, Marsh, Morrison, Pannett, Pepperell and Ritchie were present when the meeting reconvened.)

19. Lorraine Talbot (submission number 636 to Eco-City) addressed the Committee in support of her submission. Ms Talbot rejects all Council proposed options and supports the Karori Sanctuary Trust's position to provide \$700,000pa funding to the Trust which will allow Zealandia to continue to be an independent community organisation.

(Councillor Eagle returned to the meeting at 1.24pm.)

20. Kristin Gibson (submission number 211 to Eco-City) addressed the Committee in support of her submission. Ms Gibson rejects all Council proposed options and supports the Karori Sanctuary Trust's position to provide \$700,000pa funding to the Trust which will allow Zealandia to continue to be an independent community organisation.

TABLED INFORMATION: Speaking notes reference 148/12P(g)

21. Peter Laurenson (submission number 380 to Eco-City) addressed the Committee in support of his submission. Mr Laurenson rejects all Council proposed options and supports the Karori Sanctuary Trust's position to provide \$700,000pa funding to the Trust which will allow

Zealandia to continue to be an independent community organisation. Mr Laurenson supports the Eco-City for Wellington but states that an Eco-City encompasses far more than just the four visitor attractions encompassed by the current Eco-City proposal.

TABLED INFORMATION: Speaking notes, powerpoint reference 148/12P(h)

22. Chris Pugsley (submission number 835 to Eco-City) addressed the Committee in support of his submission. Mr Pugsley rejects all Council proposed options. Mr Pugsley believes that the Eco-City proposal is a disproportionate response to the perceived problem with Zealandia. Mr Pugsley states that an independent community-based organisation, working in partnership with Council is the strongest basis for continued progress. Therefore, he supports the Karori Sanctuary Trust's position.

(Councillor Pepperell left the meeting at 1.46pm.)

(Councillor Cook left the meeting at 1.50pm.)

23. Bernard O'Shaughnessy (submission to Eco-City) addressed the Committee in support of his submission. Mr O'Shaughnessy supports option one of the Eco-City proposal on the basis that the Karori Sanctuary Trust are removed from the management of the Sanctuary. Mr O'Shaughnessy states that funding should be sought from central government to fund the Sanctuary.

(Councillor Ritchie left the meeting at 1.54pm.)

(Councillor Pepperell returned to the meeting at 1.55pm.)

(Councillor Ritchie returned to the meeting at 1.57pm.)

24. Robert Fisher (submission number 1003) addressed the Committee in support of his submission. Mr Fisher rejects the charging system for encroachment land, and in particular believes that the averaging basis is false as it takes no account of terrain, capital value of individual properties or the ability to use the site effectively. Mr Fisher suggests that if the owner maintains the adjoining land the quid pro quo is that they can use it, thereby saving the Council substantial sums in maintenance costs.

(Councillor McKinnon left the meeting at 2.04pm.)

25. Sheena Bennett (submission number 1041 to Eco-City) addressed the Committee in support of her submission. Ms Bennett believes that Zealandia should be funded by central government not by Wellington City Council and she is unhappy with the amount of funding given to the organisation. Ms Bennett does not support the amalgamation of the organisations and believes it would be detrimental to the operations of each facility. Ms Bennett also states that she would not

be interested in volunteering for a commercialised model as suggested.

TABLED INFORMATION: Speaking notes reference 148/12P(i)

26. James McLean (submission number 827 to Eco-City) addressed the Committee in support of his submission. Mr McLean believes that it is incredibly important that the Zealandia remains a volunteer driven organisation. He suggests that volunteer support would diminish if Zealandia becomes a part of the Council or a commercial organisation. Mr McLean suggests that the economic benefits of Wellington City Council taking control of the organisation are relatively minor.

(Councillor Gill left the meeting at 2.08pm.)
 (Councillor Gill returned to the meeting at 2.12pm.)
 (Councillor McKinnon returned to the meeting at 2.13pm.)
 (Councillor Cook returned to the meeting at 2.16pm.)
 (Councillor Coughlan returned to the meeting at 2.20pm.)
 (Councillor Morrison left the meeting at 2.22pm.)

27. Chris Renwick (submission 704) was not present to address the Committee in support of his submission.
28. Cheryl Robilliard (submission number 707) addressed the Committee in support of her submission. Ms Robilliard supports spending capital and operational costs to earthquake strengthen and refurbish the Chest Hospital to enable the SPCA to tenant the building. Ms Robilliard believes that the current SPCA building is totally inadequate and the condition of the Chest Hospital is deteriorating, and if left untenanted will fall into further disrepair, which ultimately will cost more to make it useable or may mean it will never find a new use.
29. Rosamund Averton (submission to Eco-City) addressed the Committee in support of her submission. Ms Averton unequivocally opposes the merger of the Zoo Trust, Karori Wildlife Sanctuary, Otari-Wilton's Bush Trust and the Botanic Gardens to create a Council Controlled Organisation. Ms Averton believes that these organisations should remain separate and therefore supports option three. Ms Averton asserts that keeping organisation separate, as smaller, independent organisations are more manageable.

(Councillor Pepperell left the meeting at 2.34pm.)
 (Councillor McKinnon returned to the meeting at 2.36pm.)

30. Haydn Smith representing the Alex Moore Park Development Board (submission number 996) addressed the Committee in support of their submission. Mr Smith reiterated the Board's appreciation for the Council's continuing support and requests the funding for the Alex Moore Park project to be confirmed in the Long-Term Plan and

subsequent Annual Plans. The Board also reminds the Council that funding is required for the resource consent process.

TABLED INFORMATION: Powerpoint reference 148/12P(j)

31. Jeremy Ward representing the East By West Ferry Company (submission number 1000) addressed the Committee in support of their submission. Mr Ward was disappointed that there was no mention of waterbourne harbour public ferry transport in the Transport section of the Long-Term Plan. Mr Ward suggests that harbour ferries can play a key role in Wellington's future public transport needs and the Council should incorporate the harbour ferry model into its future transport planning.
32. Frank Wilson representing the Friends of the Wellington Botanic Garden (submission number 679) addressed the Committee in support of their submission. Mr Wilson suggests that the two projects deferred in the Long-Term Plan, the Treehouse upgrade and the Treehouse Annex should be reinstated. Mr Wilson also notes concerns that the interests of the Botanic Garden may be compromised with the Eco-City proposal. Mr Wilson also noted concern that the capex for Otari-Wilton's Bush has been severely cut and supports the reinstatement of this funding in the Long-Term Plan. Mr Wilson believes in the greater collaboration between organisations, but not combining the governance structure.

TABLED INFORMATION: Submission reference 148/12P(k)

(The meeting adjourned for afternoon tea at 3.10pm and reconvened at 3.30pm.)

(Mayor Wade-Brown, Councillors Ahipene-Mercer, Best, Cook, Coughlan, Gill, Lester, McKinnon, Marsh, and Pannett, were present when the meeting reconvened.)

(Councillor Eagle returned to the meeting at 3.34pm.)

33. Liz Mellish and Peter Love representing the Port Nicholson Block Settlement Trust (submission number 581) addressed the Committee in support of their submission. The Trust believes that the Draft Events Policy lacks the mana whenua component, therefore, the Trust and Council should be working together around key events in the annual calendar: Waitangi Day and Matariki. The Trust has concerns regarding the reduction of employment opportunities in the public sector, particularly short term contracts. Much of the stability of Wellington in the commercial sector has centred on persons working in the public sector. Employment opportunities must be re-looked to maintain Wellington as a strong employment city.

The Trust does not disagree with the improvement to TSB Arena but would like to highlight the other facilities within the area and use them in tandem for events as an alternative to upgrading Shed 6.

The Trust suggests that a Harbour wide plan in collaboration with Hutt Cities should be developed to use the harbour to drive the vision of the region.

(Councillor Coughlan left the meeting at 3.52pm.)

(Councillor Coughlan returned to the meeting at 3.53pm.)

(Councillor Cook left the meeting at 3.54pm.)

(Councillor Cook returned to the meeting at 3.55pm.)

34. Richard Burrell representing Building Solutions (submission number 663) addressed the Committee in support of their submission. Mr Burrell believes that the funding given to Te Papa should be withdrawn as the funds should now be used to seed the next project for the city. Mr Burrell also suggested that no funding should be given to commercial building owners for earthquake strengthening.

(Councillor McKinnon left the meeting at 3.58pm.)

35. Caroline Parlane (submission number 1064) addressed the Committee in support of her submission. Ms Parlane supports retaining the current structure of Zealandia, governance by a Trust. Ms Parlane is concerned that the cost savings and synergies claimed by the proposal are unsubstantiated. Therefore, she supports the Trust's position to allow Zealandia to continue to be an independent community organisation and work in partnership with Council and other partners to achieve the Trust's vision.

36. Mike Collett representing Keith Spry Pool Ezy Movers (submission number 1027) addressed the Committee in support of his submission. Mr Collett requests for an upgrade of the changing rooms for the Johnsonville pool. Mr Collett supports the Johnsonville developments including the library and community centre in 2018, but believes the roading system is at full capacity now so funding will need to be allocated for this.

(Councillor Ahipene-Mercer returned to the meeting at 9.25am.)

NOTED:

1. Erin Daldry (submission number 1241) addressed the Committee in support of her submission. Ms Daldry rejects all Council proposed options and supports the Karori Sanctuary Trust's position to provide \$700,000pa funding to the Trust which will allow Zealandia to continue to be an independent community organisation. Ms Daldry believes there is little synergy between the four organisations, particularly the Zoo and Zealandia. Ms Daldry also asserts that the volunteer base will be undermined if Zealandia is put under Council Control.

(Councillor Cook returned to the meeting at 9.28am.)

(Councillor Eagle left the meeting at 9.29am.)

2. Sue Kedgley (submission number 850) addressed the Committee in support of her submission. Ms Kedgley supports the SPCA relocating into the Old Fever Hospital and the Council allocating \$500,000 in this year's annual plan to pay for additional structural work to enable the SPCA to move into the new premises. Ms Kedgley asserts that the location of the Old Fever Hospital in the Town Belt restricts the use of the site and the SPCA is an extremely compatible and viable use for the site.

(Councillor Eagle returned to the meeting at 9.37am.)

(Councillor Marsh returned to the meeting at 9.38am.)

3. David Watt representing the New Zealand Historic Places Trust (submission number 1385) addressed the Committee in support of their submission. Mr Watt supports the Council's key priority statement to maintain and enhance Wellington City's resilience, to prioritise investment in earthquake strengthening the city's key infrastructure. Mr Watt suggested that an Urban Design Review Panel could be formed to offer support, encourage good design, and offer technical expertise on complex issues. Mr Watt reiterated the Trust's wish to continue to work with the Council on heritage objectives and earthquake resilience.
4. David Watt (submission number 1281 to Eco-City) addressed the Committee in support of his submission. Mr Watt does not support any of the proposed options and suggested that the Council take their time finding a solution and making a decision on Zealandia. Mr Watt believes that its survival best lies with the community and the private sector with some support from Council. Mr Watt also believes that volunteer support for Zealandia will almost certainly be lost under a Council model.
5. Heather Garside (submission to Eco-City) addressed the Committee in support of her submission. Ms Garside rejects all Council proposed options and supports the Karori Sanctuary Trust's position to provide

\$700,000pa funding to the Trust which will allow Zealandia to continue to be an independent community organisation. Ms Garside believes that placing organisations with minimal fit together would not produce added value, but rather, will create risks that threaten and diminish each organisation's future.

(Councillor Morrison left the meeting at 9.53am.)

6. Maggy Wassilieff (submission to Eco-City) addressed the Committee in support of her submission. Dr Wassilieff proposes an alternative model of bringing Zealandia under complete Council control for a few years to stabilise its management and financial performance, before adopting a new CCO structure. Ms Wassilieff asserts that if Zealandia must become a CCO she favours option two as she believes Conservation work seems to have become a secondary aim of Zealandia and the Zoo has decades of experience with managing its asset as a visitor attraction.

(Councillor Coughlan returned to the meeting at 10.04am.)

7. Berys Walter & Gordon Shroff representing Friends of Te Papa (submission number 582) addressed the Committee in support of their submission. Ms Walter and Mr Shroff assert that Te Papa is the jewel in the crown of Wellington's attractions. They believe that a substantial reduction in Council financial support as suggested in the Draft Long-Term Plan would impact on implementation of the new vision, priorities and programme. Therefore, they urge the Council to maintain its funding support for an institution which has a key role in Wellington's cultural and creative life.

(Councillor Morrison returned to the meeting at 10.07am.)

(Councillor McKinnon left the meeting at 10.09am.)

8. Nick Lambrechtsen (submission number 379 to Eco-City) addressed the Committee in support of his submission. Dr Lambrechtsen rejects all Council proposed options and supports the Karori Sanctuary Trust's position to provide \$700,000pa funding to the Trust which will allow Zealandia to continue to be an independent community organisation. Dr Lambrechtsen is particularly concerned that the present volunteers may withdraw their voluntary services.

TABLED INFORMATION: Speaking notes reference 151/12P(d)

9. Dame Miriam Dell and Wendy Pearce (submission number 1162 to Eco-City) addressed the Committee in support of their submission. Dame Miriam Dell believes that the stand alone model it currently is, receiving financial support from the Council, should be offered to Wellington City ratepayers as a viable option. Dame Miriam Dell also believes that volunteer enthusiasm may ebb if the management of Zealandia changes.

TABLED INFORMATION: Speaking notes reference 151/12P(e)

10. Trevor Anders representing the Lions Club of Karori (submission number 1243 to Eco-City) addressed the Committee in support of their submission. Mr Anders suggests that the alternatives offered by the Council will all potentially have a negative impact on the long-term viability of the unique and extremely valuable asset that is the Karori Sanctuary. Therefore, the Lions Club suggest retaining the status quo with additional positive action solution.

(Councillor Pepperell left the meeting at 10.35am.)

(The meeting adjourned for morning tea at 10.37am and reconvened at 10.50am.)

(Mayor Wade-Brown, Councillors Ahipene-Mercer, Cook, Eagle, Foster, McKinnon, Marsh, Morrison, Pannett, Pepperell, and Ritchie were present when the meeting reconvened.)

11. Des Smith (submission number 1013 to Eco-City) addressed the Committee in support of his submission. Mr Smith does not support any of the options proposed; his preference is maintaining the status quo of Zealandia remaining an independent organisation. Mr Smith suggested that Wellingtonians should be encouraged to become members and to introduce registration of cats to increase revenue.
12. Russ Ballard (submission number 1213 to Eco-City) addressed the Committee in support of his submission. Mr Ballard does not support any of the options from the Eco-City proposal. Instead he offers a contractual model to achieve specific actions and outcomes. This model affords the Council to maintain a higher level of control whilst allowing Zealandia to remain an independent community organisation.

(Councillor Lester returned to the meeting at 10.58am.)

(Councillor Coughlan returned to the meeting at 10.59am.)

13. Michael Morris (submission number 1248) addressed the Committee in support of his submission. Mr Morris does not support the four options offered in the Eco-City proposal. Mr Morris believes that Zealandia as a long term conservation project is a great success. Mr Morris also strongly advocates that the current partnership approach

be maintained but with a wide ranging review of the Sanctuary's operations.

(Councillor Gill returned to the meeting at 11.02am.)

(Councillor Pepperell left the meeting at 11.03am.)

(Councillor Pepperell returned to the meeting at 11.05am.)

14. Vicky Irons (submission number 280) addressed the Committee in support of her submission. Ms Irons rejects all Council proposed options and supports the Karori Sanctuary Trust's position to provide \$700,000pa funding to the Trust which will allow Zealandia to continue to be an independent community organisation. Ms Irons also discussed efficient lighting in the city and how it improves the quality of life. She asserted that artificial light greatly affects the flora and fauna, so lighting needs to be directed towards the ground and at surfaces that do not reflect. Ms Irons also noted that very bright lights create very dark shadows and creates light pollution, which obscures the night sky.

(Councillor McKinnon left the meeting at 11.13am.)

(Councillor Best returned to the meeting at 11.15am.)

(Councillor McKinnon returned to the meeting at 11.20am.)

15. Rosemary Collier (submission number 1134 to Eco-City) addressed the Committee in support of her submission. Ms Collier supports the Council's idea of an Eco-City, but believes that Zealandia can be part of this without Council being the sole governor. Ms Collier also asserts that amalgamation of organisations does not necessarily provide for greater efficiency and some circumstances increases costs.

16. Steve Cosgrove (submission to Eco-City) addressed the Committee in support of his submission. Mr Cosgrove supports the Eco-City branding. However, Mr Cosgrove notes the options presented all represent a strong risk that they could increase Council costs, and demoralise the Zealandia volunteer workforce. His preferred model is an alternative that strongly encourages synergies between the four facilities while keeping their individual management.

17. Judi Miller (submission to Eco-City) was not present to address the Committee in support of her submission.

18. Toni Izzard (submission number 1493) addressed the Committee in support of her submission. Ms Izzard submitted on the encroachment policy and objects to landowners being able to use up to 50m² of road reserve for private use, when others are to be charged extra fees for providing off-road parking. Ms Izzard believes more consistency is needed for the use of road reserve.

 (Councillor Eagle left the meeting at 11.56am.)

19. Alan Smith representing the Wellington Civic Trust Incorporated (submission number 1017) addressed the Committee in support of their submission. Mr Smith agrees with the objective of trying to limit the average costs that limit the average rates increase to at or below the target of 3.8%. They suggest a too inflexible approach could endanger the attainment of the 2040 visions, which remain a sound target and which should not be diluted or deferred.

(Councillor McKinnon left the meeting at 12.09pm.)

20. Mike Mellor representing the Public Transport Voice (submission number 1560) addressed the Committee in support of their submission. Mr Mellor asserts that the Long-Term Plan does not provide a clear philosophy for transport, with the facilitation of car movements seeming to have higher priority than improving facilities for public transport and active transport users. He believes that this does not fit well with the three-year focus, the long-term vision for Wellington as a walkable city, or with the current patterns of transport usage.

(Councillor Gill left the meeting at 12.09pm.)
 (Councillor Ritchie left the meeting at 12.11pm.)
 (Councillor McKinnon returned to the meeting at 12.11pm.)
 (Councillor Pepperell returned to the meeting at 12.11pm.)

21. Leigh Hunt (submission number 1110) addressed the Committee in support of his submission. Mr Hunt suggests that the Council needs a more balanced approach to artificial and natural fields, artificial fields are not the total solution to ensure sport and recreation is not unduly affected by bad weather. Mr Hunt believes that failing to upgrade and renew natural fields will exacerbate the current poor state of available sports field training and playing hours in winter. Therefore, he suggests that the Council investigates all research available about the new bench mark in sports fields to make informed, effective and financially viable decisions.

(Councillor McKinnon returned to the meeting at 1.27pm.)

22. Mike Collett (submission number 1030) addressed the Committee in support of his submission. Mr Collett suggests that the Council needs to look outside the square when it comes to alternative venues when the Town Hall is being upgraded. Mr Collett also suggests that the Council should receive some revenue for community centres as he believes the community does not receive much from these centres.

(Councillor Ahipene-Mercer returned to the meeting at 1.33pm.)

(Councillor Foster returned to the meeting at 9.54am.)

4. Iain Torrance, Chief Executive Officer representing Wellington SPCA (submission number 1511) addressed the Committee in support of their submission. Mr Torrance formally requests the Old Chest Hospital project to be confirmed under the Long-Term Plan, specifically the structural work is completed by March 2013 so that Wellington SPCA can become its custodian and move its operations there later that year. The SPCA presented the "Rehome SPCA Proposal" petition to the meeting.

(Councillor McKinnon left the meeting at 10.25am.)

5. Colin Robertson representing Robertson Developments Limited (submission number 682) addressed the Committee in support of their submission. Mr Robertson is submitting on the Encroachment Policy and believes that the policy is too simplistic and that the averaging approach means that encroachment licences for a flat piece of land and a steep piece of land can be obtained at the same rental rate. Mr Robertson suggests that the valuation approach would be more appropriate and equitable.

Ms Hughes and Mr Martin request that the approved 2006 ZCP be retained until 2016 in this LTP so that the final projects of the approved ZCP can be completed in the agreed time frame.
10. Cathy Wylie and Phil Parnell (submission to LTP) addressed the Committee in support of their submission. Ms Wylie and Mr Parnell request that the \$540,000 approved in the 2009-2019 Long-Term Plan and included in the 2011-2013 budget, be reinstated to complete the Bush Management Plan and the Landscape Development Plan. They suggest by not following through on the commitments and plans means that some of the Council's original investment of money will be wasted.
11. Cathy Wylie and Phil Parnell representing Otari-Wilton's Bush Trust (submission to Eco-City) addressed the Committee in support of their submission. Ms Wylie and Mr Parnell do not support the Eco-City proposal as they believe it poses significant risks to Otari-Wilton's Bush. However, they do support an Eco-City banner, just not a management structure. Ms Wylie and Mr Parnell suggested that the Council tackles the Zealandia issues separately.

Mr McQueen suggests caution of fundamental and reactive change at a time of recession.

(Councillor McKinnon returned to the meeting at 11.35am)

(Councillor Ritchie left the meeting at 11.36am.)

13. Derek Bullen representing Bullen Consultancy (submission number 687) addressed the Committee in support of his submission. Mr Bullen notes his biggest concern is the zero capex budget for the cycle network. Mr Bullen suggests the Council needs to reallocate within the transport budget or allocate additional funds as performance measures cannot be met and thus accidents will continue to increase. Mr Bullen also suggests reducing the speed limit as it reduces the extent of injuries and it is relatively inexpensive to implement.

(Councillor McKinnon left the meeting at 11.41am.)

(Councillor McKinnon returned to the meeting at 11.42am)

(Councillor Ritchie returned to the meeting at 11.42am)

14. Cliff Bowden representing Capital Football (submission number 1533) addressed the Committee in support of their submission. Mr Bowden endorses the artificial turfs going ahead particularly Alex Moore Park, but suggests they are not the only solution to Wellington's issue of clay based fields. Mr Bowden also suggests that grass sports fields are part of the solution with adequate drainage and irrigations systems. Mr Bowden notes Nairnville Park as a field in need of urgent attention, thus requests the funding to upgrade the field be reinstated into the LTP.

(Councillor Gill returned to the meeting at 12.06pm.)

(Councillor Coughlan returned to the meeting at 12.07pm.)

17. Yvonne Curtis (submission number 113) addressed the Committee in support of her submission. Ms Curtis rejects all Council proposed options and supports the Karori Sanctuary Trust’s position to provide \$700,000pa funding to the Trust which will allow Zealandia to continue to be an independent community organisation. Ms Curtis also believed that volunteers will reduce their support if the Zealandia fails to remain an independent community based organisation.
18. Ian Hutchison (submission number 570) addressed the Committee in support of his submission. Mr Hutchison supports the Alex Moore Park Board’s submission. Mr Hutchison requests that the funding for the Alex Moore Park project is confirmed in the Long-Term Plan and that the Council consider the additional funding for the car parking and transformer.

(Councillor Eagle returned to the meeting at 12.07pm.)

16. Bruce Stokell (submission number 2387) addressed the Committee in support of his submission. Mr Stokell asserts that there is an implicit contract for the Council to provide services to the residents and therefore believes that parking services should be held in-house at the Council.

Mr Simmers suggests that to achieve the vision and objectives of the organisations, the outputs are achieved through activities and services by paid staff and volunteers. They recommend that Council includes accessibility with the three priorities. Building an environment that is truly inclusive, considering the needs of everyone. Throughout document term 'access' is used in different contexts emphasising on physical access, the Long Term Plan needs to

consider the Councils understanding of accessibility and define how people with disabilities fit into their concept of inclusive communities. One of the most significant barriers that blind and partially sighted Wellingtonians face is limited access to information. As ratepayers and residents of wellington blind and partially sighted people have same need to access information produced by Wellington City Council.
