That the Strategy and Policy Committee:

4. Agree to the following further amendments:

- a) *New SO 28.1 Financial conflicts of interest*

Every member present at a meeting must declare any direct or indirect financial interest that they hold in any matter being discussed at the meeting, other than an interest that they hold in common with the public.

No member may vote on, or take part in, a discussion about any matter in which they have a direct or indirect financial interest unless an exception set out in s.6 Local Authorities (Members' Interests) Act 1968 applies to them, or the Auditor-General has granted them an exemption or declaration under s.6.

Members with a financial interest must leave the room. The minutes must record the declaration and member's subsequent abstention from discussion and voting.

Neither the Chairperson nor the meeting may rule on whether a member has a financial interest in the matter being discussed. The minutes must record any declarations of financial interests and the member's abstention from any

discussion and voting on the matter.

[s. 6 & 7, Local Authorities (Members' Interests) Act 1968]

b) New SO 28.2: *Non-financial conflicts of interest*

Non-financial interests always involve questions of judgement and degree about whether the responsibility of a member of a local authority (or local or community board) could be affected by some other separate interest or duty of that member in relation to a particular matter. If a member considers that they have a non-financial conflict of interest in a matter they must not take part in the discussions about that matter or any subsequent vote.

Members with a non-financial interest must leave the room. The minutes must record the declaration and member's subsequent abstention from discussion and voting.

Neither the Chairperson nor the meeting may rule on whether a member has a non-financial interest in the matter being discussed.

c) Revise the first paragraph of SO 32.1 *Forms of petition* as follows:

Petitions may be presented to the local authority or any of its committees, local boards or community boards. Petitions must contain at least ~~20 signatures~~ **one signature** and consist of fewer than 150 words (not including signatories). - Lost

d) Revise SO 33.1 *Questions regarding items on an agenda* to read as follows:

Officers may, at the request of the chairperson, present an item on the agenda of any committee. Any member may ask any question of the relevant officer on any matter relating to the item being presented.

In the course of any debate at any local authority meeting, any member may, at the chairperson's discretion, ask any question of the relevant officer on any matter under debate. Such questions are to be directed through the chairperson, **and officers will provide their professional opinion but must maintain political neutrality.**

e) Replace SO 21.1 *Proposing motions* with the following:

Any member present may move a motion or amendment (subject to standing order 22. General procedures for speaking and moving motions). If a member wishes to move a motion that differs from the officers' recommendations, then they must state that they are moving the motion "pro-forma", and must specify the changes they wish to make to the officers' recommendations. The seconder of the motion may also support the changes introduced by the mover.

Secretarial note: Under clause 27(3) of Schedule 7 of Local Government Act 2002, amendments to standing orders require a vote of not less than 75% of the members present.

Secretarial note: The amendment moved by Councillor Pannett and seconded by Councillor Fitzsimons was taken part by part, the divisions for which are as follows:

Clause 4(a): New SO 28.1 *Financial conflicts of interest:*

Every member present at a meeting must declare any direct or indirect financial interest that they hold in any matter being discussed at the meeting, other than an interest that they hold in common with the public.

No member may vote on, or take part in, a discussion about any matter in which they have a direct or indirect financial interest unless an exception set out in s.6 Local Authorities (Members' Interests) Act 1968 applies to them, or the Auditor-General has granted them an exemption or declaration under s.6.

2.1 Update on the Wellington City Council Housing Strategy and Housing Action Plan 2020-22

Moved Councillor Fitzsimons, seconded Councillor O'Neill

Resolved

That the Strategy and Policy Committee:

1. Receive the information.
2. Note the Housing Strategy was adopted in June 2018 and sets the outcomes for the next 10 years. The Strategy has a long-term focus; the short to medium term priorities and actions to deliver on that strategy are set by action plans.
3. Adopt the **amended** Housing Action Plan 2020-22 **as per Attachment 1 (tabled at the meeting)**. This plan sets the priorities for the next three years in terms of Wellington City Council's work toward delivering on the long-term outcomes set by the Housing Strategy.
4. Note that the draft Action Plan (the Plan) is focused around six priority programmes of work. Outlined within this report, the Plan covers consenting improvements, planning for the future growth of Wellington, improving Council's City Housing service, supporting our partners to provide places and services to end homelessness, and facilitating delivery of a variety of housing options. Delivery will be supported by continuing to develop and formalise strategic partnerships which ensure a collaborative approach to delivering housing outcomes for the city.
5. Note that the Wellington Housing Affordability Model (WHAM) has been developed to support the Strategy. This model is based on the premise that assessing affordability depends on each household's circumstances and composition. Council is working with partners to continue to improve the model, including making it available for other organisations. Further updates on this will be shared with the Strategy and Policy Committee during 2020.
6. Note following adoption of the Action Plan, the Plan will be published on the Council website and officers will proactively engage with key delivery partners, including Kāinga Ora, Community Housing Aotearoa, Community Housing Providers and Universities.
7. Note that officers will report back to the Strategy and Policy Committee on progress of the Action Plan **and identified strategic risks every six months in conjunction with second quarter and annual reporting** ~~on an annual basis~~.

2.3 Social Housing Policy

Moved Councillor Fitzsimons pro-forma, seconded Councillor Rush

RECOMMENDATION/S

That the Strategy and Policy Committee:

1. Receive the information.
2. Agree to consult on the proposed draft *Social Housing Policy* and *City Housing Policy: Rent Setting*.
3. Note that the Social Housing Policy reflects the principles and service delivery parameters as agreed by Councillors on 21 June 2018 and proposes a policy framework that includes a separate progressive rent setting policy.
4. Note the proposed City Housing Policy: Enhanced Services to Door (Attachment 2) acknowledges and benchmarks City Housing's commitment to enhancing the renting experience of its tenants.
5. Note that the City Housing Policy: Asset Management is being developed as a part of the Council's long term planning (LTP) process. A summary of this policy can be viewed in Attachment 3.
6. Note that the City Housing Policy: Prioritisation and Needs Assessment (Attachment 4) captures all the relevant detail from the Social Housing Policy 2010 and creates a separate focused policy. No significant change is being recommended.
7. Note that the most significant changes are the removal of a blanket discount of 30% off market rent and implementation of a discounted market rate based on a tenant's circumstances, and the removal of ad-hoc discounts. These changes are summarised in Table 3: Summary of Policy Recommendations.
8. Note that a more equitable rent setting policy has been developed that takes into account household size, composition and income received to determine the level of discount to be applied to the market rent.
9. Note that the Council approved Wellington Housing Affordability Model (WHAM) has been used to test the affordability of the proposed new rent settings.
10. Note that transition options have been investigated and that the proposed rent setting policy includes a move to reviewing rents for tenants on the anniversary of a tenancy.
11. Note that consultation with tenants and with the wider public, if approved, will be undertaken from 19 March to 19 April 2020, with a final report back to Council on consultation in June 2020.
12. Note that public consultation is appropriate given the proposal is a significant change to the current practice of discounting market rent of 30%. The decision to undertake consultation in this manner is also consistent with Council obligations under Section 82(4)(c) of the Local Government Act 2002.
13. Delegate to the Chief Executive and the Portfolio Leader for Community Well-Being the

authority to amend the proposal to include any amendments made by the Strategy and Policy Committee and any associated minor consequential edits.

Moved Councillor Fitzsimons, seconded Councillor Pannett, the following amendment

Resolved

That the Strategy and Policy Committee

14. Agree that Council officers prepare a report detailing options for resolving the long-term financial sustainability of City Housing to be considered during deliberations on the next LTP.

Carried unanimously

FASTR Wellington

Fast, Aerial, Safe Transport by Rail

INTRODUCTION

We represent a group called *FASTR Wellington* or Fast, Aerial, Safe Transport by Rail for Wellington.

As a group, **FASTR** are concerned that the bodies and groups tasked with considering options for mass transport in Wellington city appear not to have considered all of the potential options.

An important omission is **Suspended Light Rail (SLR)**. This is a variation on monorail, but with significant differences, and a short video will demonstrate its nature (at presentations we can show a short CLIP of Shonan, Japan – a longer clip is on *YouTube* a the link on our final page).

- It's a French invention that's electric and runs on rubber wheels
- Shonan (depicted) has operated for 50 years
- Capacity is similar to LRT with 228 people seated in 3 car train or 496 standing
- The track doesn't move to change lines - rather has normal switching points

In brief, conventional **Light Rail (LR)** works best for cities on essentially level ground, with existing wide streets and with multiple alternative through-routes. It is difficult to accommodate LR in a city such as Wellington which is small, hilly, with many narrow roads, and only 2-3 through-routes.

It is in this kind of city that **Suspended Light Rail** shines. Its main advantages are **speed** and **safety**, which are achieved by **separation** from other ground-based modes of transport including pedestrians and cyclists as demonstrated in Japan (Shonan, Chiba), and Germany (Wuppertal, Dortmund) to name a few...

Conventional Light Rail can only fully achieve separation by going underground or elevated (e.g in London and New York).

PRINCIPAL BENEFITS of SLR

1. **Safer** because separated from road traffic below –
 - a. No risk of **pedestrians** walking across path;
 - b. Does not cause ground-based emergencies (**vehicle** collisions, near-misses).
 - c. Independent of ground-based **safety hotspots** (traffic lights, intersections, fire/ambulance emergency callouts).
 - d. **No need to slow** during ground-based congestion to avoid collisions.
 - e. Change in direction of track does not cause hazard to ground-based modes of transport.
 - f. **BOTTOM LINE** –this level of safety is what permits SLR to be Reliably Faster.

2. **Reliably Faster** than other options, at up to 70 km/hr, because –
 - a. Not limited by ground-based road speed limits;
 - b. Not affected by ground-based emergencies.
 - c. Not affected by ground-based traffic lights & intersections.
 - d. Not affected by ground-based congestion at peak or other times.
 - e. Can conveniently swing from kerbside to road centre or even off-road, with no impact on ground-based traffic, so no need to slow unduly for corners.

3. **Do you want it soon? SLR is quicker and easier to construct -**
 - a. Does not require any tunnels. Can climb hills up to 1 in 10 gradient.
 - b. Less on-site construction – pylon footings only every 35 metres and other hardware prefabricated off-site, and craned in outside business hours.
 - c. Pylon footings only every 35 metres minimises need to dig up and reposition access to underground services which is a significant LR expense.
 - d. So SLR construction has less impact on local businesses & residents.
 - e. So, swifter construction done in a single stage for whole route (less than 3 years total). So the more substantial benefits #1 & 2 are achieved sooner!
 - f. We believe it is economically competitive with ground-based options.

4. **SLR Enhances Boarding Access –**
 - a. **Mobility Access** – is level at stations, and lifts would give access from ground level to platform level.
 - b. Overhead stations provide safety, shelter and ticketing before boarding with space beneath for bike parking!
 - c. On the **Golden Mile** the stations can combine with local retailers at 1st floor.
 - d. **Regional Hospital** – sheltered access to building above road level.
 - e. At **Central Rail station**, above ground pedestrian access can be **behind/above** station building and platforms so no pedestrian or road congestion and a real asset for massed Stadium pedestrian traffic.

5. SLR can use almost any route, so retains and enhances those preferred by public:
- a. Can retain most of **Golden Mile**; yet can include waterfront route with a station at Te Papa.
 - b. No need to disrupt **Basin Reserve** roundabout further during construction, and/or can instead go via Taranaki / Wallace St to serve school, university/polytechnic.
 - c. **Newtown** - Regional Hospital station – see previous; less disruption from Newtown's narrower roads; Constable St route avoids need for any tunnel.
 - d. Station for **Hatatitai** at Wellington Rd.
 - e. **Kilbirnie bus hub** shared and sheltered;
 - f. **Evans Bay sports stadium** - a station combined with pedestrian overpass at roundabout;
 - g. Can reach & use **Miramar Cutting** (tracks would lower cabs to ground level across airport threshold) No need to excavate Cutting.
 - h. Overhead Station at **Miramar Ave**, so commuters to Miramar not delayed by deviation to prior airport stop.
 - i. Would terminate at overhead **Airport station**.
 - j. With 12 stops SLR could go from Central station to airport in under 20 minutes.
 - k. SLR is an ideal mode for extending mass transport to other suburbs in the future such as Karori, Island Bay, Newlands and Churton Park as it does not need a formed roadway beneath its route.

6. **SLR is Environmentally Friendly:**

- a. Less noise (65dB at 15m), because runs on rubber tyres, not metal wheel on rail.
- b. **No tunnels**, so reduced carbon footprint from excavation and reinforced concrete.
- c. Electric, and no contribution to groundbased traffic congestion/pollution.
- d. What of visual impact? This can be *managed and mitigated* to being negligible compared with the above advantages over other options.
We believe the city will embrace and celebrate SLR as a visible symbol of our city's commitment to green mass transport.

CONCLUSION

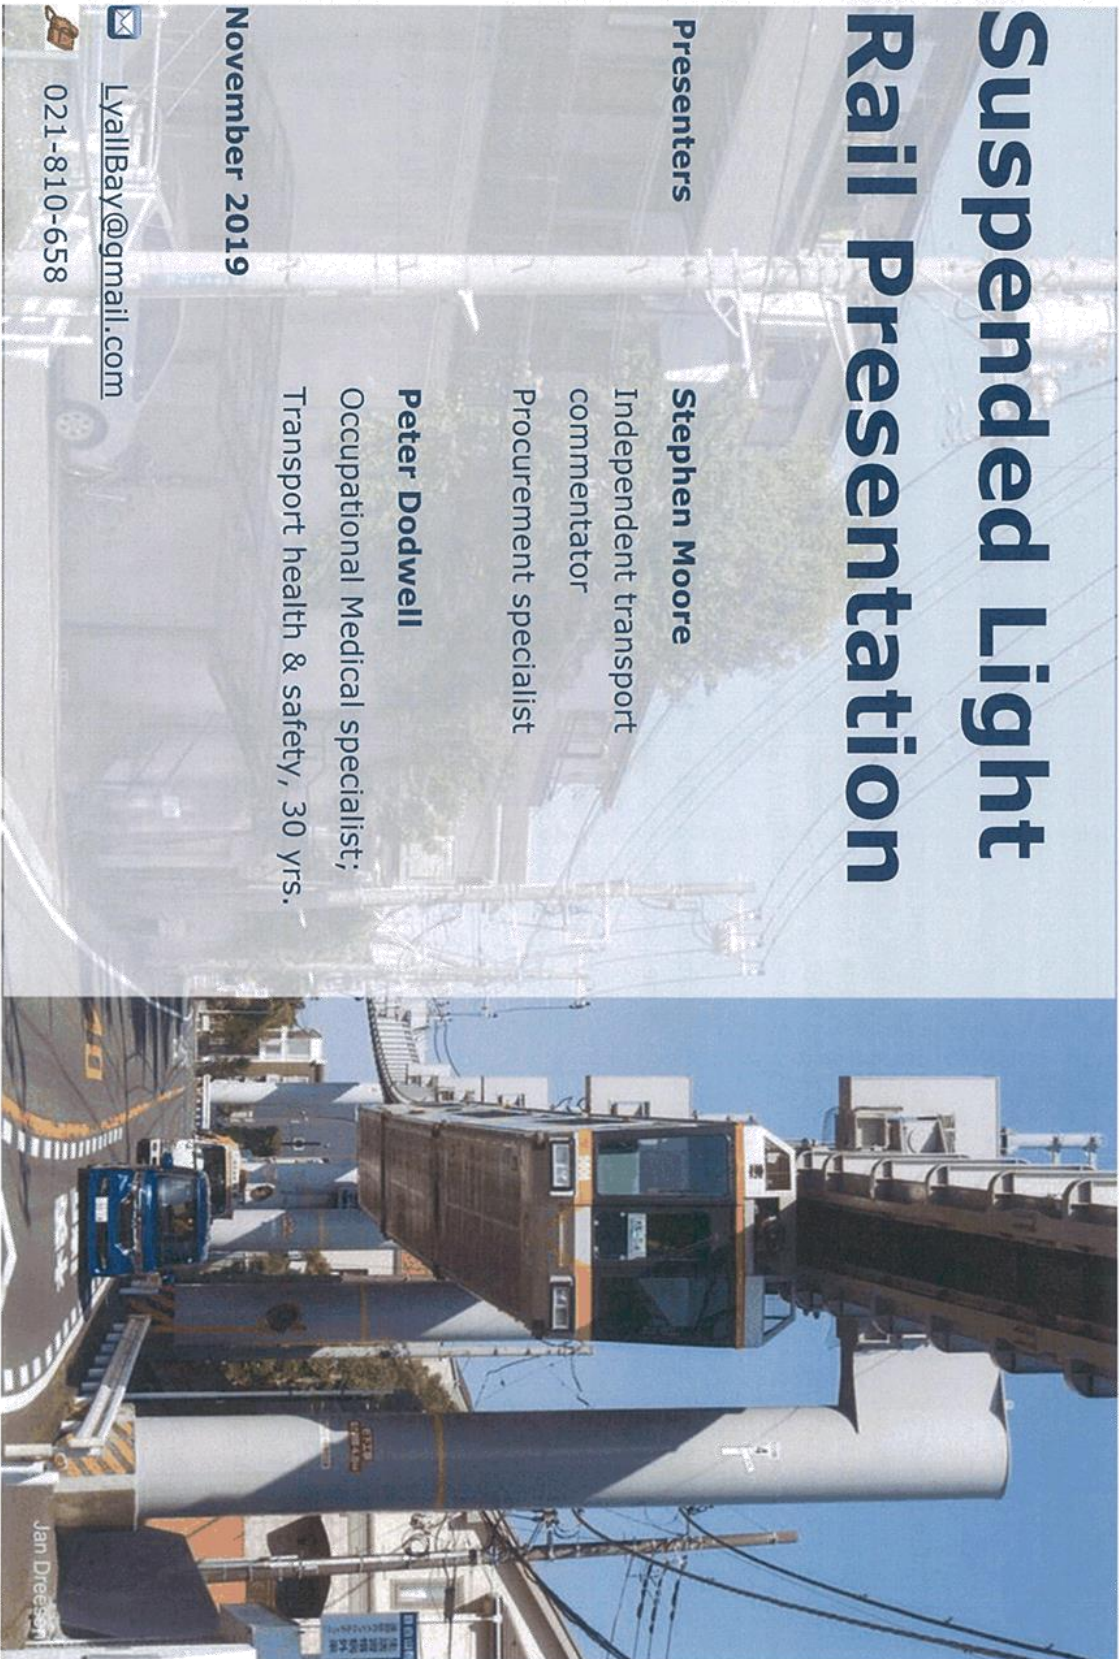

Let's get Wellington moving smarter and **FASTR**, using Fast Aerial Safe Transport by Rail.

We urge consideration of this option via inclusion in the LGWM business case, for robust analysis against other options.

Stephen Moore and Peter Dodwell,
on behalf of **FASTR Wellington**.

<p>Purpose of visit</p> <p>What is suspended light rail and advantages</p>	<p>To seek WCC support for LGWM to consider elevated SAFEGE type light rail as a mass transit solution.</p> <p>A monorail is a railway in which the track consists of a single rail or a beam. There are two main types:</p> <ul style="list-style-type: none"> The most common type is the straddle-beam where the train straddles a steel or reinforced concrete beam. The SAFEGE system with cars suspended beneath a single beam which the rubber wheels run inside of. <p>To provide mass transit access through existing densely developed areas, Japan has constructed many monorails over roads due to:</p> <ul style="list-style-type: none"> land scarcity for rail transit, increase in traffic and congestion, and narrow roads
<p>Rationale for inclusion in LGWM</p>	<p>LGWM have only considered ground level mass transit solutions of bus rapid transit (BRT) or light rail (LRT), a variation on the existing and escalating competition for access to very limited ground-level road space.</p> <p>As a consequence the resulting mass transit proposals:</p> <ul style="list-style-type: none"> don't run near the golden mile where people want to go, require considerable loss of road space and parking, are limited to surrounding road speed, pose dangers to people and cyclists crossing the tracks, require relocation of underground services along the whole route, and require tunnels <p>A SAFEGE suspended railway would suit Wellington because:</p> <ul style="list-style-type: none"> Kamakura (a suburb 40 kilometres southwest of Tokyo) which is very similar to Wellington with a population of 174,314, steep hills, narrow congested streets and valleys, built a SAFEGE monorail to ease congestion, 50 years ago from a coastal suburb to the main station 6.6km away. Journey time is 14mins. Another SAFEGE in Chiba, covers 13 stations along a 12km route. It takes 20 minutes to take the full journey. Expected construction time of only two years Simplified line switching unlike straddle monorails where the whole beam has to move. <p>This proposal is timely given Auckland's late consideration of elevated light rail track for the planned shared route down Dominion Rd due to impact on neighbouring businesses and other road users.</p>

Daily Operation	Operating speed	75-80kph	Limited to surrounding road speeds and slowing for people crossing its tracks or shared roads with other vehicles
	Capacity	Similar to LRT with 228 people seated in 3 car train or 496 standing	
	Suited to the Golden mile.	Yes. Could continue running even if traffic slowed or at standstill below.	Not practical with narrow streets shared with other road users and pedestrians; accidents/fires bring traffic to standstill even now.
	Requires loss of road space	No, and 2-way traffic requires no duplication of track.	Yes; and 2-way traffic in some areas requires loss of twice as much road space for track.
	Significant loss of parking on route	One car park every 35 meters	Yes
	Noise	Has rubber tyres so is quiet	Metal wheels on metal rails and vibrations
	Gradients	Can go up and down 10% gradients enabling access to larger areas	Limited to 6%
	Safety issues	Very rare, though any prolonged power outage requires plan for Pax to disembark.	Yes - risk on track to pedestrians and cyclists where they cross track.
	Major disruption to existing streets	None	Significant disruption to Newtown's Riddiford street and requires Daniel St to be made one way.
	Continuity of service issues	Negligible. Rare power outages would not disrupt street traffic.	Significant risk, regularly witnessed, when routes are blocked by traffic accidents, fire callouts, maintenance, and planned events.
Switch lines	Yes - doesn't require track to move like straddle monorails	Yes

	The implementation of the Health and Safety legislation means GWRC cannot opt out of risk liabilities by engaging service providers.	There's no risk of accidents with people, cycles, etc.	Significant Risk - There's plenty of evidence of overseas accidents involving pedestrians and cyclists crossing the tracks not to mention vehicle accidents with LRT that also block the route.

Topic	Content	Suspended Rail Facts	LRT Facts
Future potential	Ability to service other destinations	Can travel over steep undeveloped land so could reach northern suburbs such as Woodridge, Newlands and Churton park via routes where roads do not exist.	Limited access as requires formed track that will use limited road or parking space if wants to service Island Bay and Karori
	Even shorter journey times	Yes – It is practical to build direct lines to destinations to reduce journey times because it is faster, cheaper and doesn't require a formed trackway.	Not practical due to limited ground access and requirement for longer routes with more stations to attract more commuters to justify the high cost.
Stations	Station design and function	<ul style="list-style-type: none"> • More space for station as can span road • Can be located inside major destinations, e.g. hospital • Space for ticketing machines at platform entry point speeding boarding • Lifts for passengers with mobility issues. • Could be tendered out for private investment sponsorship – limited shopping • No congestion conflict with buses when stopping at bus hubs 	<p>Space limited to footpath</p> <p>Creates issues at existing hubs such as Kilbirnie as may have to wait for buses to clear platform before stopping and via versa</p> <p>No ticket machines for platform entry to speed boarding other than prepay.</p> <p>Not able to enter key destinations easily</p> <p>Potential conflict where dedicated cycleways and stations meet to ensure passenger safety.</p>

Chiba Suspended Monorail	<p>Opened in 1988, Chiba Line 2 covers 13 stations along a 12km route. It takes around 20 minutes to take the full journey</p> <p>The Chiba Urban Monorail was constructed as a response to the worsening traffic situation in Chiba City. The construction of the monorail started in 1987, and its operations began on March 1988. It currently holds the Guinness World Record of the longest suspended monorail train system at 15.2 km.</p> <p>https://www.jnto.go.jp/ph/spot-activity/kanto/chiba/chiba-urban-monorail/</p>

<p>The route could traverse Taranaki and Wallace Streets where the majority of the passengers are located rather than LRT which is restricted to travelling up lower Adelaide Road which is mostly an industrial area. Its construction would bypass/avoid worsening the present pinch point at the Basin Reserve roundabout.</p>	
<p>Unlike LRT, the elevated track route would use & enhance the Kilbirnie Bus Hub & not require a tunnel, or have to pass through the heavily congested top portion of Rongotai Road. It would NOT require traffic lights with consequent delays for taxis and other road vehicles at the two Cobham Drive roundabouts, nor the major delays that are inevitable during LRT construction there.</p>	

Other Information – Observations on LGWM tender for "Mass Rapid Transit and State Highway IBCs
<p>1. RFT" says the WCC has already decided the route and MRT mode? See excerpts below (pg 94) .</p> <ul style="list-style-type: none"> • "WCC proposes to adopt the baseline route and Light Rail Transit (LRT) as the recommended route and mode as the basis of engagement given the conclusions of the PBC" • The LGWM MRT pro ject does not have a preferred position on the modal technology to be used, aside from being a street-running mass transit mode (e.g. LRT, trackless tram or bus-based systems). <p>2. It is a major concern that the list of factors that need to be taken into consideration for the IBC (pg 102) omits to explicitly include</p> <ol style="list-style-type: none"> a. A safety assessment for impact on pedestrians and cyclists along the route. There is a significant risk of deaths and injuries as evidenced with overseas LRT given the route passes through the National War memorial Park and Newtown shops. b. The impact of blockages resulting from vehicle crashes or building incidents such as the Kilbirnie Crescent Dairy fire <p>3. The tender says (pg 96) MRT in Wellington should have the following characteristic: "fast and reliable and a genuinely attractive alternative to the car" but omits to say</p> <ul style="list-style-type: none"> • "fast and reliable and a genuinely attractive alternative to the current bus network" or • "doesn't impact on the current bus system/timetables encouraging people to use cars". <p>This is important because MRT should result in a better service for passengers than the current bus service for people travelling on the MRT route and should not impact other bus users e.g. if the bus service is reduced.</p> <p>4. The Tender acknowledges issues with LRT, e.g.</p> <ol style="list-style-type: none"> a. As a result of MRT competing for road space, <ul style="list-style-type: none"> - "traffic diversion is expected to less suitable routes such as around the bays or through Newtown. This issue is expected to become more critical as other modes compete for road space on these routes (i.e. mass transit through Newtown)" (pg 145) - "consultant also needs to understand the impacts of displaced traffic from the MRT route" (pg 104) b. It says "technical reviews have highlighted challenges for implementing MRT in Wellington: "Beyond the CBD/central city, engineering solutions are likely to be more expensive and potentially lower patronage potential (due to more dispersed development patterns south and east of Newtown)" (pg 96)

Frequently-Asked Questions about Suspended Light Rail

<p>Won't it spoil the views?</p>	<p>Be careful what you wish for. The Light Rail option implies digging three tunnels, and digging up most streets to relocate underground services, prior to laying tracks. Try to visualise the view of that during the next decade, and the inherent delays. Also try to visualise your high ratepayers bill.</p> <p>FASTR will minimise unsightly construction, at reduced costs and with an earlier (and more positive) outcome.</p> <p>Answering your question more directly, FASTR can largely avoid residential streets, and is very flexible about its route (for instance, avoiding the last segment of the Golden Mile, and so can pass down Stout Street to the railway station, avoiding obstructing views of the landmarks around Parliament. Many people consider the streamlined design of modern overhead rail as a visual feature in itself, particularly seeing its attractive vehicles gliding rapidly above stalled traffic!</p>
<p>Won't it be expensive?</p>	<p>In terms of expense, Light Rail only wins when a city is on a level plain, with wide streets and many alternative routes. When its exponents speak of light rail being cheaper, their argument is based on the track record in such cities.</p> <p>But FASTR wins in small cities like Wellington, with many hills, narrow streets, and very few alternative routes. FASTR requires no tunnels and virtually no digging up of roads to reposition underground services - both factors that make all the difference in terms of cost.</p> <p>We estimate the FASTR cost to be \$1-\$1.5 billion compared to LGWM estimate of \$2.2 billion</p>
<p>How safe is overhead rail?</p>	<p>In terms of accidents, overhead rail completely eliminates the risk of collisions with pedestrians, cyclists, and other vehicles, whereas all other forms of "rapid" transit solutions inevitably involve collisions, which brings the system to a standstill. In terms of occasional mechanical problems, or major breakdowns such as in earthquakes, evacuation is clearly not as simple as exiting a ground-based vehicle. Because of this, systems have been developed for passengers to exit a stranded vehicle. Sometimes this can be to another overhead vehicle (on the same track, or on a parallel track); and sometimes passengers exit via a ladder or chute to the road below, in the same way that passengers exit from a stranded aircraft.</p>
<p>What happens with power cuts?</p>	<p>A recent innovation in China is a battery-powered system, or at least a battery backup, so that a power cut on its own is unlikely to be a significant problem.</p>

<p>Will construction take long?</p>	<p>Construction times (and consequent disruption of other traffic) is very much less for Overhead Rail than for Light Rail. Only the pylon footings have to be built on site, spaced about 35m apart. The pylons and the track can be constructed off-site and craned in at off-peak times. Unlike light rail, no tunnels will be required, and there will be no need to dig up an entire length of road to reposition underground services so that they can be maintained later. So, in short, the entire track required for Wellington (from Railway Station to airport) can be constructed in 2-3 years; whereas the plan for Light Rail will involve at least a decade (and that may only be for stage 1).</p>
<p>Is there really anything that overhead rail can do, that cannot be done more simply with ground-based rapid transit?</p>	<ol style="list-style-type: none"> 1. FASTR can exceed road speed limits, regardless of what is happening to traffic below. 2. It can travel at speed even if road traffic is at a standstill because of an accident, emergency, or road maintenance. 3. FASTR can provide an aboveground link for pedestrians exiting or entering the Wellington Regional Stadium, while also linking up with the rail network at the Wellington railway station. 4. FASTR can similarly provide a station opposite the Sports Stadium in Evans Bay, leapfrogging over congested road traffic on Cobham Drive. 5. FASTR can from their link directly with the Miramar shops via the Cutting (which is too narrow for other forms of rapid transit solution). 6. FASTR's overhead stations can provide shelter and ticketing prior to boarding, thus speeding up passenger flow, instead of requiring passengers to queue in the rain on crowded pavements. 7. FASTR can make use of narrow streets without diverting other traffic - so has wider choices of routes – whereas Light Rail has to deviate to existing wide roads or create wider roads by demolishing buildings. 8. I'm sorry, what was that you said about ground-based rapid transit doing the same things more simply?

Re: Social Housing Policy

Bridget Baker

bakerrobandbridget@gmail.com

This is put together at short notice, in note form, and I will be reading documentation in more detail prior to my oral comments tomorrow.

Previous internal review of WCC housing, released under OIA in 2018. Showed 2/3 of WCC housing tenants paying greater than 35% on income in rent. (A limit of affordability which is much more unaffordable at lower incomes.)

Pg 29, point 6. Suggests that this review is to enable more equitable and fair rent setting, with some people paying only 60% of market rents. (Many paying much more) Page 42 table of change in % of market rent to be paid, against income.) This rent setting is not matched to "affordability measures" of people paying no more than 35% of income in rent.

In meantime WCC has divested a large chunk of portfolio to HNZ (Last I understood they still counted the people housed in Te Māra, Mt Cook, leased property, as numbers housed by WCC. HNZ also counts them in their figures. This is misleading of the public, by both parties.)

These changes are expected to result in WCC increasing their income on housing by 1.5 million. (Page 42. point 85. To put toward upgrade.)

How does higher rents from this group of people, already paying unaffordable rents (AND being a smaller group, given stock gone to HNZ), result in more income to WCC without making it more unaffordable for tenants?

I know people given notice in Arlington Mt Cook, are being offered places in suburbs, under WCC, at higher rent than they are paying now, with much higher transport costs as well. Effectively people are being pushed out of social housing.

Pre-engagement on this document with select tenants was negligible (from document and feedback from tenants)

What real tier of current tenants is WCC really able to increase it's revenue from?

I find it hard to find any other implication from the figures other than:

- WCC properties are unaffordable for tenants
- WCC says we have to follow market → we have to rent our stock to those for whom it is affordable → we have no choice but to make our options available to the next tier up → more of the people we currently cater for, are shifted to MSD (which has no increased capacity yet → increased poverty/homelessness

RECOMMENDATIONS:

1. City Council is not obliged to continually increase rents in line with market, when we know market is way out of control. Don't do it. That is not providing social housing. It is needed now.
2. We need an independent review of the implications for tenants, and real assessment of change in affordability.
3. Real consultation with tenants, with social agencies and other community housing providers, versed in tenant realities, is necessary.
4. Where there is inadequate pre-engagement (both tenants and other parties) - either this needs to be remedied before this document is signed off for consultation OR WCC must be prepared for consultation to substantially change the proposal.
5. Favour existing social housing and city infrastructure issues over non-core projects. If you cannot do both housing and infrastructure then talk honestly to the public.
6. Point affordable housing issues back to public and central government. This is problem we need to look for solutions on together. We don't need blame games and political rhetoric.

FOREWORD

These standing orders are based on the NZS: 9202 (2003): Model standing orders for Meetings of Local Authorities and Community Boards.

These standing orders reflect legislative requirements relating to the conduct of local authority meetings, particularly the provisions of the Local Government Act 2002 and the Local Government Official Information and Meetings Act 1987, including amendments made to these Acts until 2019 .

Wellington City Council adopted these standing orders at a meeting held on 26 February 2020. Applying to all meetings of the Wellington City Council, its committees and subcommittees, these standing orders came into effect on 2 March 2020.

PART 1 PRELIMINARY PROVISIONS

1. GENERAL MATTERS

1.1 INTRODUCTION

This document sets out standing orders for the conduct of proceedings at meetings of Wellington City Council, its committees and sub-committees.

Standing orders are part of the framework of processes and procedures designed to ensure that our system of local democracy and in particular decision-making within local government is transparent and accountable. They are designed to give effect to the principles of good governance, which include that a local authority should:

- conduct its business in an open, transparent and democratically accountable manner;
- give effect to its identified priorities and desired outcomes in an efficient and effective manner;
- make itself aware of, and have regard to, the views of all of its communities;
- take account, when making decisions, of the diversity of the community, its interests and the interests of future communities as well;
- ensure that any decisions made under these standing orders comply with the decision-making provisions of Part 6 of the LGA 2002; and
- ensure that decision-making procedures and practices meet the standards of natural justice.

These are reinforced by the requirement that all local authorities act so that "governance structures and processes are effective, open and transparent" (s. 39 LGA 2002 2002).

These standing orders are presented in three parts. Part 1 covers the preliminary provisions. Part 2 covers legislative and constitutional matters, and Part 3 relates to meeting procedures.

1.2 INTERPRETATION

The terms "normative" and "informative" have been used in these standing orders to define the application of the appendix to which they apply. A "normative" appendix is an integral part of the standing orders, whereas an "informative" appendix is only for information and guidance. Informative provisions do not form part of the mandatory requirements of the standing orders.

In the standing orders the word "shall" identifies a mandatory requirement for compliance with the standing orders. The word "should" refers to practices which are advised or recommended.

Where direct quotations from the legislation are cited in these standing orders, quotation marks have been used and the reference to legislation is shown in **bold type**. Where the legislation has been paraphrased, quotation marks have not been used and the reference to legislation is shown in normal type.

1.3 DEFINITIONS

In these standing orders, unless inconsistent with the context:

Agenda means the list of items for consideration at a meeting together with reports and other attachments relating to those items.

Amendment means any change or proposed change to the original or substantive motion.

Audio link means facilities that enable audio communication between participants at a meeting when one or more of the participants is not physically present at the place of the meeting.

Audio visual link means facilities that enable audiovisual communication between participants at a meeting when one or more of them is not physically present at the place of the meeting.

Chairperson means the mayor at a meeting of the Wellington City Council (or the deputy mayor in the absence of the mayor) or the person appointed to preside at a meeting of a committee or subcommittee and also includes any person properly appointed in the absence of the appointed chairperson.

Chief Executive means the chief executive of the Wellington City Council appointed under section 42 of the Local Government Act 2002 and includes any person appointed specially or generally by the Council to perform the duties of that office for the time being. The term also means any person deputised by the chief executive to carry out a particular duty or perform a function on her/his behalf. For the purposes of these standing orders it includes any other officer authorized by the local authority.

Clear working days means the number of working days prescribed in these standing orders for the giving of notice; and excluding the date of service of that notice and the date of the meeting, the subject of that notice.

Committee includes, in relation to a local authority:

- (a) A committee comprising all the members of that local authority;
- (b) A standing committee or special committee appointed by that local authority;

The chief executive may delay commissioning any reports that involve significant cost or are beyond the scope of the decision-making body that made the request. In such cases the chief executive will discuss options for meeting the request with the respective Chairperson and report back to a subsequent meeting with an estimate of the cost involved and seek direction on whether the report should still be prepared.

If a member makes a direct request to a chief executive asking that a report is prepared the chief executive may refuse. In such cases an explanation should be provided to the member.

19.3 Distribution of agenda

In the case of each meeting to which standing order 11.1 applies, an agenda detailing the business to be brought before that meeting together with relevant attachments must be sent to every member not less than two clear working days before the day appointed for the meeting (in the case of extraordinary meetings standing order 13.4 applies).

- 20.7 Member speaking more than once** At a meeting of the Council, a member may not speak more than once to a motion or amendment, except when exercising right of reply. This order does not apply to meetings of committees or subcommittees.
- 20.8 Right of reply** The mover of an original motion or an amendment has a right of reply. After the mover has completed such reply, or has intimated the wish to forego this right, the chairperson will put the motion to the meeting.
- However, the original mover may reserve their right of reply and speak once to the principal motion and once to each amendment without losing that right of reply. If a closure motion is carried the mover of the motion has the right of reply before the motion or amendment is put to the vote.
- The mover of a foreshadowed amendment may reply at the conclusion of the debate on the amendment if the foreshadowed amendment has been debated.
- Movers in reply are not to introduce any new matter nor summarise the debate. Movers in reply must confine themselves strictly to addressing questions or issues raised by previous speakers.
- 20.9 Speaking only on relevant matters** Members may speak to any matter before the meeting or upon a motion or amendment to be proposed by themselves, or upon a point of order arising out of debate, but not otherwise.
- 20.10 No speaking after reply or putting the motion** A member may not speak to any motion once:
- (a) the mover has started their right of reply in relation to the motion; and
 - (b) the chairperson has started putting the motion.
- 20.11 Personal explanation** With the permission of the chairperson, members may make a personal explanation concerning any matters involving that member, but such matters may not be debated.
- The name of the member and matter on which they have addressed the meeting are to be recorded in the minutes.
- 20.12 Explanation of previous speech** With the permission of the chairperson, explanation of some material part of a previous speech in the same debate may be given by a member who has already spoken, but new matter may not be introduced.
- 20.13 Subsequent comments on resolutions** Any reference by a member to a previous debate or resolution of the Council shall be brief and relevant to the motion under discussion.
- 20.14 Community Board to speak at debate** When a motion under debate relates to a matter that a community board considers being of particular interest to the residents within its community, the chairperson of the community board may speak in the debate but not vote on or move amendments to the motion. Such participation is subject

to these standing orders.

21. MOTIONS AND AMENDMENTS

- 21.1 Proposing motions** Any member present may move a motion or amendment (see standing order 22. General procedures for speaking and moving motions). If the mover of an agenda item wishes to amend the motion, they must state at the time of moving the motion that it is being moved "pro-forma", and following the seconding of the motion, immediately propose an amendment to the motion, **which needs a separate seconder.**
- 21.2 Requirement for a seconder** All motions and amendments moved (including procedural motions and notices of motion but excluding points of order) must be seconded. Any motion proposed but not seconded will lapse, will not be debated and will not be entered in the record.
- Secunder of an item moved pro-forma cannot second the amendment that immediately follows that motion.
- 21.3 Clarification of motions or amendments** Notwithstanding standing order 21.2, if the mover of a motion or amendment agrees, the chairperson may move an amendment to clarify the intent of a motion or amendment without the requirement of a seconder.
- The chairperson may move such a motion whether or not the chairperson has already spoken to the motion or amendment.
- 21.4 Withdrawal of motions and amendments** Once motions or amendments have been seconded and put to the meeting by the chairperson, they cannot be withdrawn without the leave of the meeting. A motion to which an amendment has been moved and seconded, cannot be withdrawn until the amendment is withdrawn or lost.
- 21.5 Substituted motion** Where a motion is subject to an amendment, the meeting may substitute the motion with the amendment, provided the mover and seconder of the original motion agree to its withdrawal. In such circumstances, members who have spoken to the original motion may speak again to the substituted motion.
- 21.6 Motions in writing** The chairperson may require movers of motions or amendments to provide them in writing and provide their name.
- 21.7 Motions expressed in parts** The chairperson or any member may require a motion expressed in parts to be decided part by part.

21.8 Proposing amendments

Subject to the option selected under standing order 22, and except for reports from statutory hearing committees, any member present may move an amendment to a motion that has been moved and seconded. Only one amendment may be discussed a time.

The mover or seconder of a motion for the adoption of the report of a committee or subcommittee may, with the leave of the meeting, only propose a minor amendment for the purpose of clarifying the intent of the report to ensure appropriate process is followed.

21.9 Amendment to statutory hearing reports

When the Council is considering a recommendation resulting from a statutory hearing process, no amendment may be moved other than:

- (a) by the chairperson of the committee making the report, or the commissioner, or a member authorised by the chairperson or commissioner to clarify or correct an error or omission in the report; or
- (b) by the chairperson of the committee making the report or a member authorised by the chairperson on behalf of the committee unanimously.

21.10 Amendments not accepted

A proposed amendment in any meeting will not be accepted if it:

- (a) is not directly relevant to the original motion; or
- (b) is in conflict with any amendment that has been carried; or
- (c) is in similar terms to an amendment that has been lost; or
- (d) would negate a motion carried at a committee meeting under its delegated authority; or
- (e) is in conflict with a substantive motion referred at that meeting to the Council under 21.15 and 21.16; or
- (f) amounts to a direct negative of the substantive motion.

The chairperson's ruling may be challenged and requires a vote of not less than 75% of the members present and voting to be overturned.

21.11 Foreshadowing amendments

A member may indicate, while an amendment is under debate, that they intend to move a subsequent amendment once the amendment under debate has been resolved.

Members foreshadowing subsequent amendments for later in the debate should notify the chairperson of their intention and the nature of those amendments.

Members foreshadowing an amendment may indicate whether or not they have a seconder. Members speaking in debate following the foreshadowed amendment may indicate their support for or opposition to the foreshadowed amendment where it relates to the amendment currently under debate.

Once the initial amendment under discussion has been resolved, the chairperson may invite a member with a foreshadowed amendment to move the amendment

21.12 Lost amendments

Where an amendment is lost, the meeting will resume the debate on the original or substituted motion. Any member who has not spoken to that motion may speak to it, and may move or second a further amendment.

21.13 Carried amendments

Where an amendment is carried, the motion as amended becomes the substantive motion, and members who have not spoken to the original motion may speak to the substantive motion, and may move or second a further amendment to it.

21.14 Lost motion

In a situation where a motion that recommends a course of action is lost, a new motion may be proposed to provide direction.

21.15 Referral of motion

A committee need not refer to the Council any motion that is within its delegated authority as per its terms of reference.

A committee may however, by majority decision, refer any motion to the Council.

(See standing order 25.2)

**21.16 Referral of motion
lost**

Notwithstanding standing order 21.15, where a substantive motion has been lost at a committee the motion may be referred to the Council if at least three members make a formal request to the chairperson, immediately after the motion is lost and prior to the commencement of discussion on the next item on the agenda. Where a committee consists of all the members of Council, the motion may be referred to Council if at least six members make a formal request to the chairperson, immediately after the motion is lost and prior to the commencement of discussion on the next item on the agenda.

At a Council meeting the chairperson of the relevant committee shall move the lost motion (with or without changes) and explain the nature of the matter. The chairperson of the relevant committee has the discretion to vote for or against the motion.

**21.17 Movers and
seconders to be
present**

Movers and seconders of motions and amendments must be present for the duration of the discussion, and the vote, on that motion.

If the mover or seconder is not present, the chairperson must either temporarily adjourn the meeting until the member's return or call for another member to replace the absent member. If no member replaces the absent member, the motion or amendment will lapse. Lapsing of an amendment will not cause the debate on the original motion to cease. The reason for the motion lapsing will be recorded in the minutes.

**21.18 No speakers after
reply or question has
been put**

Members may not speak on any motion once the mover has commenced replying or where the chairperson has commenced putting the question.

**21.19 Flow chart of motions
and amendments**

A flow chart illustrating the process regarding motions and amendments is attached as Appendix 5.

22. GENERAL PROCEDURES FOR MOTIONS AND AMENDMENTS

22.1 Options for speaking, moving or seconding motions and amendments

The standing orders provide three options for speaking and moving motions and amendments at a meeting of a local authority, its committees and subcommittees, and any local or community boards.

Option A applies unless, on the recommendation of the chairperson at the beginning of a meeting, the meeting resolves [by simple majority] to adopt either Option B or Option C for:

- (a) all its meetings in the triennium;
- (b) the meeting of the day; or
- (c) any specified items on the agenda.

22.2 Option A

The mover and seconder of a motion cannot move or second an amendment. (This does not apply when the mover or seconder of a motion to adopt a report of a committee wants to amend an item in the report. In this case the original mover or seconder may also propose or second the suggested amendment).

Only members who have not spoken to the original or substituted motion may move or second an amendment to it.

The mover or seconder of an amendment whether it is carried or lost cannot move or second a subsequent amendment.

Members can speak to any amendment and, provided they have not spoken to the motion or moved or seconded an amendment, they can move or second further amendments.

The meeting by agreement of the majority of members present may amend a motion with the agreement of the mover and seconder.

22.3 Option B

The mover and seconder of a motion cannot move or second an amendment. (This does not apply when the mover or seconder of a motion to adopt a report of a committee wants to amend an item in the report. In this case the original mover or seconder may also propose or second the suggested amendment).

Any member, regardless of whether they have spoken to the original or substituted motion, may move or second an amendment to it.

The mover or seconder of an amendment that is carried can move or second a subsequent amendment. A mover or seconder of an amendment which is lost cannot move or second a subsequent amendment.

Members can speak to any amendment.

The meeting by agreement of the majority of members present may amend a motion with the agreement of the mover and seconder.

22.4 Option C

The mover and seconder of a motion can move or second an amendment.

Any member, regardless of whether they have spoken to the original or substituted motion, may move or second an amendment to it.

The mover or seconder of an amendment whether it is carried or lost can move or second further amendments.

Members can speak to any amendment.

The meeting by agreement of the majority of members present may amend a motion with the agreement of the mover and seconder.

23. NOTICE OF MOTION

23.1 Notice of motion to be in writing

A member wishing to have a matter considered should submit a notice of motion to the Council, relevant committee or subcommittee. The item should be submitted in writing to the chief executive not less than four weeks prior to the specified meeting and be signed by at least one third of the members of the local authority.

Notice of motion can be sent via email and include the scanned electronic signature of the mover.

The chief executive shall arrange for a report on the item as appropriate.

-
- 23.2 Item to be placed on agenda** Items submitted by members will be placed on the agenda of the specified meeting, unless:
- (a) the chairperson refuses to accept the item raised for the reasons set out in standing order 23.3; or
 - (b) the chairperson of the relevant committee or subcommittee decides to place the item on the agenda of the next meeting (the chairperson will only be able to defer the item once); or
 - (c) the chief executive, in consultation with the relevant chairperson, decides to place the item on the agenda of a different committee or subcommittee, if in the chief executive's opinion the item would be more appropriately dealt with by another committee or subcommittee.
- 23.3 Grounds for refusing notice of motion** The chairperson may refuse to accept any item raised which:
- (a) is disrespectful or which contains offensive language or statements made with malice; or
 - (b) is not related to the role or functions of the local authority; or
 - (c) contains an ambiguity or a statement of fact or opinion which cannot properly form part of an effective resolution, and where the mover has declined to comply with such requirements as the chief executive may make; or
 - (d) is concerned with matters which are already the subject of reports or recommendations from a committee to the meeting concerned; or
 - (e) is, in the opinion of the chairperson, to the same effect as a previous resolution of the Council, committee or subcommittee.
- Reasons for refusing the notice of motion should be provided to the proposer, and the ruling of the chairperson is final.
- 23.4 Mover of notice of motion** Notices of motion may not proceed in the absence of the mover, unless moved by another member authorised to do so, in writing, by the mover.
- 23.5 Alteration of notice of motion** A notice of motion may be altered only by the mover with the agreement of a majority of those present at the meeting. Once moved and seconded, no amendments may be made to a notice of motion.
- 23.6 When notices of motion lapse** Notices of motion that are not moved on being called for by the chairperson shall lapse.

-
- 23.7 Referral of notices of motion to committees** Any notice of motion referring to any matter ordinarily dealt with by a committee of the local authority may be referred to that committee by the chief executive. Where such notices are so referred, the mover of the motion, if not a member of that committee, must have the right to move that motion and have a right of reply, as if a committee member.
- 23.8 Repeat notices of motion** When a motion has been considered and rejected by the local authority or a committee, no similar notice of motion, in the opinion of the chairperson, may be accepted within the next six months, unless signed by a majority of all members, including vacancies. The chairperson's ruling is final.
- Where a notice of motion has been adopted by the local authority no other notice of motion which, in the opinion of the chairperson, has the same effect, may be put while the original motion stands.

24. REVOCATION OR ALTERATION OF RESOLUTIONS

- 24.1 Revocation or alteration of resolutions** A member may give the chief executive a notice of motion for the revocation or alteration of all or part of a previous resolution of the council, subordinate body, local or community board. The notice must set out:
- (a) The resolution or part of the resolution which the member proposes to revoke or alter;
 - (b) The meeting date when the resolution was passed;
 - (c) The motion, if any, which the member proposes to replace it with; and
 - (d) Sufficient information to satisfy the decision-making provisions of sections 77-82 of the LGA 2002.

If the mover of the notice of motion is unable to provide this information, or the decision is likely to be deemed a significant decision, the notice of motion should provide that the proposal is referred to the chief executive for consideration and report

Such notice is to be given to the chief executive at least seven clear working days before the meeting at which it is proposed to consider such a motion, and is to be signed by not less than one third of the members of the local authority, including vacancies.

The chief executive must then give members at least five clear working days' notice in writing of the intended motion and of the meeting at which it is proposed to move such.

- 24.2 Restrictions on actions on the affected resolution**
- Where a notice of motion has been given in terms of standing order 24.1, no action which is irreversible may be taken under the resolution which is proposed for revocation or alteration until the proposed notice of motion has been dealt with by the local authority, provided that if, in the opinion of the chairperson:
- (a) the practical effect of the delay would be equivalent to a revocation of the resolution, or if;
 - (b) by reason of repetitive notices the effect of the notice is an attempt by a minority to frustrate the will of the local authority
- then, in either case, action may be taken as though no such notice of the chief executive has been given or signed.
- 24.3 Revocation or alternation to be made by the body responsible for the resolution**
- If a resolution is made under delegated authority by a committee, subcommittee or subordinate decision-making body, or a local or community board, only that body may revoke or amend the resolution, assuming the resolution is legally made. This provision does not prevent the body that made the delegation from removing or amending a delegation given to a subordinate body or local board or community board.
- 24.4 Revocation or alteration of resolution at same meeting**
- A meeting may revoke or alter a previous resolution made at the same meeting where, during the course of the meeting, it receives fresh facts or information concerning the resolution. In this situation 75% of the members present and voting must agree to the revocation or alteration.
- 24.5 Revocation or alternation of resolution via report by chief executive**
- A local authority meeting may, on a recommendation contained in a report by the chief executive, or the report of any committee, revoke or alter all or part of resolutions previously passed at meetings. At least two clear working days' notice of any meeting to consider such a proposal must be given to members, accompanied by details of the proposal to be considered.

25. PROCEDURAL MOTIONS

- 25.1 Procedural motions during debate**
- Procedural motions may only be moved once an item has been moved and seconded and debate on an item on the agenda has commenced.

-
- 25.2 Procedural motions to close or adjourn debate** Any member who has not spoken on the matter under debate, may move any one of the following procedural motions to terminate or adjourn debate, but not so as to interrupt a member speaking:
- (a) that the meeting be adjourned to the next ordinary meeting (unless the member states an alternative time and place); or
 - (b) that the item of business being discussed be adjourned to a specified time and place and not be further discussed at the meeting; or
 - (c) that the motion under debate be now put (a “closure motion”); or
 - (d) that the item of business being discussed be laid on the table, and not be further discussed at that meeting; or
 - (e) that the item of business being discussed be referred (or referred back) to the relevant committee of the local authority; or
 - (f) that a motion under debate at committee be referred to the next ordinary meeting of the Council.
- 25.3 Voting on procedural motions** All procedural motions will be determined by a majority of those members present and voting, except the procedural motion to put the motion (closure motion) which will be carried only by a vote of not less than 75% of the members present and voting.
- If the motion is lost no member may move a further procedural motion to close or adjourn the debate until three members have spoken.
- 25.4 Procedural motions to be taken immediately** Procedural motions to terminate or adjourn debate take precedence over other business, except points of order and right of reply. If the procedural motion is seconded, the chairperson must put it to the vote immediately without discussion or debate.
- 25.5 Closure motion on amendments** When an amendment to a motion is under debate, a closure motion relates to the amendment and not to the motion.
- 25.6 Chairperson’s acceptance of closure motions** The chairperson may only accept a closure motion where there have been at least two speakers for and two speakers against the motion that is proposed to be closed, or the Chairperson considers it reasonable to do so. However, the chairperson must put a closure motion if there are no further speakers in the debate.
- 25.7 Right of replay following closure** If a closure motion is carried, the mover of the motion then under debate is entitled to the right of reply, and the motion or amendment under debate is then to be put.
- 25.8 Debate on items previously adjourned** The debate on adjourned items of business is to be resumed with the mover of such adjournment being entitled to speak first in the debate.

-
- | | |
|---|---|
| 25.9 Adjourned items taken first | Adjourned items of business are to be taken first at the subsequent meeting in the class of business to which they belong. |
| 25.10 Other business not superseded | The carrying of any motion to adjourn a meeting shall not supersede other business before the meeting remaining to be disposed of, and such other business is to be considered at the next meeting. |
| 25.11 Referral or referred back to committee | Business referred, or referred back, to a specified committee is to be considered at the next meeting of that committee, unless the meeting resolves otherwise. |
| 25.12 Table of procedural motions | A table of procedural motions is included in these standing orders as Appendix 6. |

26. POINTS OF ORDER

- | | |
|---|---|
| 26.1 Members rising to points of order | <p>Any member may rise to speak to a point of order upon any breach of these standing orders and that member shall have precedence to be heard. When a point of order is raised, the member who was previously speaking must stop speaking and sit down (if standing).</p> <p>For clarification, no seconder is required for points of order.</p> |
| 26.2 Specificity of point of order | The member shall refer to the specific standing order when raising a point of order. This does not require the quoting of the standing order number. The member raising the point of order shall simply and precisely state the subject matter of the point of order. |
| 26.3 Points of order during division | No point of order may be raised during a vote except by the permission of the chairperson. |
| 26.4 Multiple points of order | A second point of order may not be raised until the first has been resolved. |

26.5 Types of points of order

Points of order can only be used only in the following circumstances:

- (a) disorder – bringing disorder to the attention of the Chairperson;
- (b) language – use of disrespectful, offensive or malicious language;
- (c) irrelevance – the topic being discussed is not the matter currently before the meeting;
- (d) misrepresentation – misrepresentation of any statement made by a member or by an officer or council employee;
- (e) breach of standing order – the breach of any standing order while also specifying which standing order is subject to the breach;
- (f) to request the recording of words, such as a request that the minutes record words that have been the subject of an objection;
- (g) to prevent a motion or amendment relating to substantially the same issue considered by Council or committee within the previous 6 months unless the motion is raised through standing orders 23 or 24.

26.6 Contradictions

Rising to express a difference of opinion or to contradict a statement of a previous speaker does not constitute a point of order.

26.7 Decision of chairperson final

The chairperson may decide on any point of order immediately after it has been raised by any member, or may first hear further comment before deciding. The ruling of the chairperson upon any point of order is not open to any discussion and is final.

27.VOTING

27.1 Decisions to be decided by majority votes

"[Unless the Local Government Act 2002 provides otherwise], the acts of a local authority must be done, and the questions before the local authority must be decided, at a meeting by –

- (a) vote; and
- (b) the majority of members that are present and voting."

[cl. 24(1), Schedule 7, LGA 2002]

27.2 Casting voting

"For the purposes of [standing order 27.1], the mayor or chairperson or other person presiding at the meeting:

- (a) has a deliberative vote; and"
- (b) in the case of an equality of votes, has a casting vote.

[cl. 24(2), Schedule 7, LGA 2002]

-
- 27.3 Open voting** “An act or question coming before the local authority must be done or decided by open voting.”
- [cl. 24(3), Schedule 7, LGA 2002]*
- 27.4 Members must vote** Every member present when a motion is put must vote (i.e. no abstention allowed) unless they are prevented from doing so by a conflict of interest (either pecuniary or non-pecuniary).
- 27.5 Members may have their votes recorded** Any member’s vote must be recorded in the minutes if so requested by that member.
- 27.6 Method of voting** The method of voting shall be as follows:
- (a) The chairperson in putting the motion shall call for an expression of opinion on the voices or take a show of hands, the result of either of which, as announced by the chairperson, shall be conclusive unless such announcement is questioned immediately by any member, in which event the chairperson shall call a division.
 - (b) The chairperson or any member may call for a division instead of or after receiving opinion on the voices and taking a show of hands.
 - (c) Where a suitable electronic voting system is available, that system may be used instead of a show of hands, vote by voices or division, and the result displayed shall be notified to the chairperson who shall declare the result.
 - (d) At a meeting of the Council, all voting shall be by division.
- 27.7 Division** When a division is called, the chief executive shall take down the names of the members voting for and against the motion and is to hand the list to the chairperson to declare the result. The result of the division shall be entered into the minutes.
- 27.8 Second division** The chairperson may call a second division where there is confusion or error in the original division, unless the same can be otherwise corrected.

28. CONFLICTS OF INTEREST

28.1 Financial conflicts of interest

Every member present at a meeting must declare any direct or indirect financial interest that they hold in any matter being discussed at the meeting, other than an interest that they hold in common with the public.

No member may vote on, or take part in, a discussion about any matter in which they have a direct or indirect financial interest unless an exception set out in s.6 Local Authorities (Members' Interests) Act 1968 applies to them, or the Auditor-General has granted them an exemption or declaration under s.6.

Members with a financial interest should physically withdraw themselves from the table unless the meeting is in public excluded in which case they should leave the room.

Neither the Chairperson nor the meeting may rule on whether a member has a financial interest in the matter being discussed. The minutes must record any declarations of financial interests and the member's abstention from any discussion and voting on the matter.

[s. 6 & 7, Local Authorities (Members' Interests) Act 1968]

28.2 Non-financial conflicts of interest

Non-financial interests always involve questions of judgement and degree about whether the responsibility of a member of a local authority (or local or community board) could be affected by some other separate interest or duty of that member in relation to a particular matter. If a member considers that they have a non-financial conflict of interest in a matter they must not take part in the discussions about that matter or any subsequent vote.

The member must leave the table when the matter is considered, but does not need to leave the room. The minutes must record the declaration and member's subsequent abstention from discussion and voting.

Neither the Chairperson nor the meeting may rule on whether a member has a non-financial interest in the matter being discussed.

29. QUALIFIED PRIVILEGE**29.1 Qualified privilege relating to agenda and minutes**

Where a meeting of any local authority is open to the public during the proceedings or any part thereof, and a member of the public is supplied with a copy of the agenda for the meeting or any part of the minutes of that meeting are provided, the publication of any defamatory matter included in the agenda or in the minutes is privileged unless the publication is proved to have been made with ill will or taking improper advantage of the publication.

[s. 52, LGOIMA 1987]

29.2 Qualified privilege relating to oral statements

Any oral statement made at any meeting of a local authority in accordance with the rules that have been adopted by that local authority for the guidance and order of its proceedings, is privileged, unless the statement is proved to have been made with ill will or taking improper advantage of the publication.

[s. 53, LGOIMA 1987]

29.3 Qualified privilege additional to any other provisions

The privilege conferred by standing order 29.2 is in addition to, and not in substitution for, or derogation of any other privilege, whether absolute or qualified, that applies, by virtue of any other enactment or rule of law, to the proceedings of any local authority.

30. MINUTES OF PROCEEDINGS

30.1 Minutes to be evidence of proceedings

The local authority, its committees, subcommittees and any local and community boards must keep minutes of their proceedings. These minutes must be kept in hard or electronic copy, authorised by a chairperson's manual or electronic signature once confirmed by resolution at a subsequent meeting. Once authorised, the minutes are the prima facie evidence of the proceedings they relate to.

[cl. 28, Schedule 7, LGA 2002]

30.2 Matters recorded in minutes

The chief executive must keep the minutes of meetings. The minutes must record:

- The date, time and venue of the meeting;
- The names of those members present;
- The names of those members attending the meeting by means of an audio or audiovisual link;
- Identification of the chairperson;
- Apologies tendered and accepted;
- Arrival and departure times of members;
- Any failure of a quorum;
- A list of speakers in the public participation section of the meeting and the topics they cover;
- A list of items considered; resolutions and amendments pertaining to those items including clarity where the resolutions differ from the report recommendations;
- The names of all movers and seconders
- Any objections to words used;
- All divisions taken and, if taken, a record of each member's vote;
- The names of any members requesting the recording of their abstentions or votes ;

- Resolutions to exclude members of the public;
- The names of people permitted to stay in the public excluded part of the meeting; and
- The time that the meeting concludes or adjourns.

-
- 30.3 Minutes of business in public excluded** The record of the business taken in the public excluded session shall be kept separately.
- 30.4 Authentication of minutes** Minutes of a meeting shall be entered and authenticated at a succeeding meeting of the local authority or committee. The relevant chair shall sign the record, including any agreed amendments, when approved by the meeting.
- 30.5 No discussion on minutes** No discussion may arise on the substance of minutes except as to their correctness.
- 30.6 Minutes of last meeting before election** The chairperson of the relevant meeting of a committee or the Council and the chief executive shall authenticate the minutes of the last meeting of a local authority prior to the next election of members.
- 30.7 Minute books** The minute books of the local authority must be kept by the chief executive and be open to inspection in accordance with the Local Government Official Information and Meetings Act 1987 and the Local Government Act 2002.

The chief executive must consider any request for the minutes of a meeting or part of a meeting from which the public was excluded as a request for official information in terms of the Local Government Official Information and Meetings Act 1987.

[s.51, LGOIMA 1987]

31. PUBLIC PARTICIPATION

- 31.1 No public participation at certain meetings** There shall be no public participation at the first meeting of the Council following its election.
- 31.2 Public participation requirements and limits** A maximum of 60 minutes will be set aside for public participation at the commencement of any public meeting of the Council or committee, provided a written notice has been given to the chief executive by 12:00 noon of the working day prior to the meeting concerned. **The chairperson has the discretion to increase the 60 minutes time limit.**
- The public participation procedure does not apply in respect of any hearing, including the hearing of submissions where the local authority, committee or subcommittee sits in a quasi-judicial capacity.

31.3 Grounds for refusing requests for Public participation or for termination of address

The chairperson has the discretion to refuse requests for public participation or to terminate a presentation at any time where:

- (a) The speaker is repeating views presented by an earlier speaker at the same meeting ;
- (b) The speaker is being repetitious, disrespectful or offensive ;
- (c) where the person or group of people with a specific purpose or common view an interest group or organisation has been heard on the same item at a subcommittee or committee prior to it being referred to a committee or the Council for consideration or decision;
- (d) the public participation relates to a matter that is subject to legal proceedings or a statutory hearing process, including the hearings of submissions where the local authority or committee sits in as a quasi-judicial capacity;
- (e) the item does not fall within the scope of the agenda for a Council meeting;
- (f) the meetings are scheduled for the purpose of oral hearings only.

If public participation is declined under (e), the chairperson must refer the public participant to the relevant committee.

APPENDIX 1: GROUNDS TO EXCLUDE THE PUBLIC FROM MEETINGS

(Normative)

A local authority may by resolution exclude the public from the whole or any part of the proceedings of any meeting only on one or more of the following grounds:

That the public conduct of the whole or the relevant part of the proceedings of the meeting would be likely to result in the disclosure of information where such disclosure would be likely:

- (a) to prejudice the maintenance of the law, including the prevention, investigation, and detection of offences, and the right to a fair trial; or
- (b) to endanger the safety of any person.

That the public conduct of the whole or the relevant part of the proceedings of the meeting would be likely to result in the disclosure of information where the withholding of the information is necessary to:

- (a) protect the privacy of natural persons, including that of deceased natural persons; or
- (b) protect information where the making available of the information:
 - (i) would disclose a trade secret; or
 - (ii) would be likely unreasonably to prejudice the commercial position of the person who supplied or who is the subject of the information; or
- (c) in the case only of an application for a resource consent, or water conservation order, or a requirement for a designation or heritage order, under the Resource Management Act 1991, to avoid serious offence to tikanga Māori, or to avoid the disclosure of the location of wāhi tapu; or
- (d) protect information which is subject to an obligation of confidence or which any person has been or could be compelled to provide under the authority of any enactment, where the making available of the information:
 - (i) would be likely to prejudice the supply of similar information, or information from the same source, and it is in the public interest that such information should continue to be supplied; or
 - (ii) would be likely otherwise to damage the public interest; or
- (e) avoid prejudice to measures protecting the health or safety of members of the public; or

- (g) maintain the effective conduct of public affairs through the protection of members, officers or employees of any local authority from improper pressure or harassment; or
- (h) maintain legal professional privilege; or
- (i) enable the local authority holding the information to carry out, without prejudice or

disadvantage, commercial activities; or

- (j) enable the local authority holding the information to carry on, without prejudice or disadvantage, negotiations (including commercial and industrial negotiations); or
- (k) prevent the disclosure or use of official information for improper gain or improper advantage.

Provided that where A2 of this Appendix applies the public may be excluded, unless, in the circumstances of the particular case, the exclusion of the public is outweighed by other considerations which render it desirable, in the public interest, that the public not be excluded.

That the public conduct of the whole or the relevant part of the proceedings of the meeting would be likely to result in the disclosure of information, the public disclosure of which would:

- (a) be contrary to the provisions of a specified enactment; or
- (b) constitute contempt of Court or of the House of Representatives.

That the purpose of the whole or the relevant part of the proceedings of the meeting is to consider a recommendation made to the local authority by an Ombudsman under section 30(1) or section 38(3) of the Local Government Official Information and Meetings Act 1987 (in the case of a local authority named or specified in the First Schedule to this Act).

That the exclusion of the public from the whole or the relevant part of the proceedings of the meeting is necessary to enable the local authority to deliberate in private on its decision or recommendation in:

- (a) any proceedings before a local authority where:
 - (i) a right of appeal lies to any Court or Tribunal against the final decision of the local authority in those proceedings; or
 - (ii) the local authority is required, by any enactment, to make a recommendation in respect of the matter that is the subject of those proceedings; and

Minor matters not on the agenda relating to the general business of the local authority may be discussed if the chairperson explains at the beginning of the meeting, at a time when it is open to the public, that the item will be discussed at that meeting, but no resolution, decision or recommendation may be made in respect of that item except to refer it to a subsequent meeting.
