Introduction

General

1. This document sets out the terms of reference and delegations for the Wellington City Council, and its committees and subcommittees. It also sets out the responsibilities of and delegations to particular roles, including the mayor, deputy mayor, chief executive, committee and subcommittee chairs and deputy chairs.
2. The Council's functions are wide-ranging, and it has powers and functions under many statutes and regulations. It would be impossible for the full Council to deal with everything itself. Delegation to committees, subcommittees, individual elected members, and officers is necessary for the Council to be efficient, effective, and appropriate for achieving its objectives of service delivery.
3. These terms of reference will ensure the Council that its powers and functions are exercised at an efficient, effective and appropriate level.
4. A delegate is not obliged to exercise a power or delegated function. If a delegate considers that the circumstances support a power or function's referral back to a delegee then explicit provision is made for this.

Committees

5. Committee includes, in relation to Council:
 - a. A committee comprising all or some of the members of Council;
 - b. A standing committee or special committee appointed by Council or the Mayor;
 - c. A joint committee appointed under cl 30A of sch 7 of the LGA 2002; and
 - d. Any subcommittee of a committee described in (a), (b) and (c).
6. The terms of reference and delegations to committees and subcommittees are set out in full in this document. In respect of committees and subcommittees:
 - a. The committees have no decision-making powers other than those set out in these terms of reference.
 - b. Any committee may request expert advice through the Chief Executive where necessary.
 - c. The committees may make recommendations to their governing committee or Council, or chief executive as appropriate.

Mana whenua

7. The Council has statutory obligations to iwi and Māori, by virtue of the Treaty of Waitangi, in particular in relation to the Resource Management Act 1991 and Local Government Act 2002.
8. The Council is committed to improving and facilitating participation by Māori in its decision-making processes. Further, te ao Māori is a relevant consideration in many of the decisions that Council makes. Local iwi (Ngāti Toa Rangatira, Taranaki Whānui ki Te Upoko o Te Ika and Te Runanganui o Te Āti Awa, “Tā kai Here partners”) are important partners in this respect and provide vital input into Council committees’ decision-making. This is reflected in the Council’s adoption of the “Mana Whenua Representation” paper on 28 April 2021 and the signing of our Tā kai Here partnership agreement on 29 April 2022. This has seen the Council agree to appoint non-elected representatives from mana whenua to all Council committees and subcommittees (except the Unaunahi Ngaio | Chief Executive Performance Review Committee, Community Boards, the Appointment Group, and the District Licencing Committee).
9. The Tā kai Here representatives appointed to these committees will contribute an additional te ao Māori perspective to decision making.
10. The appointment process is undertaken under cl 31(3) sch 7 of the Local Government Act 2002. This enables the Council to appoint un-elected committee members who are considered to have relevant skills, attributes or knowledge that will assist the committee’s work. The Council will consider and approve the recommended appointees of our Tā kai Here partners under this statutory power.
11. Appointed Tā kai Here representatives are full members of the decision-making bodies to which they are appointed and have full rights as members under standing orders to participate in debate and vote on items.

Ambiguity and Conflict

12. In the event of ambiguity or conflict between any of the provisions contained in these terms of reference, Democracy Services can provide advice. If the ambiguity or conflict results in uncertainty or dispute as to which chairperson, committee or subcommittee has the delegation to act in respect of a particular matter, then the mayor will decide in consultation with the deputy mayor and having received advice from the chief executive. The decision of the mayor will be final and binding.
13. In resolving ambiguity or conflict in the allocation of matters to committees, the committee with the primary outcome of the decision in its area of focus should be the committee that considers the matter.

Health and Safety

14. In regard to health and safety, all members of the Council are required to discharge their responsibilities of due diligence under the Health and Safety at Work Act 2015. Staff will provide regular reports to the governing body, through the Unaunahi Māhirahira | Audit and Risk Committee, to enable members to discharge their duties.

Chief executive delegations

The Council has delegated the following matters to the chief executive under clause 32 of Schedule 7 of the Local Government Act 2002:

1. The chief executive is delegated all powers and authorities (other than those retained by Council, or contained within the delegations to committees or other subordinate decision-making bodies or community boards), subject to any legal limits on the Council's ability to do so, provided that the chief executive acts within the law, Council policy (as approved from time to time) and the long-term plan and annual plan.
2. The chief executive delegations authorise the following tolerance levels, in order to ensure effective and efficient delivery of the long-term plan and annual plan:
 - a. If the operating budget for an activity area will be exceeded by an amount no greater than 5% for that year, but the overall annual plan budget level can be maintained, the chief executive has the authority to approve budget transfers between activity areas, but subject to the following criteria:
 - i. The overspends will not result in other projects or sub-projects being cancelled; or
 - ii. Any projects or sub projects included in the annual plan that will not be completed as planned in the current or following year will be reported to the appropriate committee for approval.

(Note, the net operating budget or surplus for this purpose excludes revaluations and gain/loss on sale of assets and any other extraordinary items).
 - b. If an individual capital expenditure project in the annual plan will be exceeded by an amount no greater than 10% for that year, the chief executive has the authority to approve that expenditure, as long as the overall capital expenditure budget for the year is not exceeded and subject to the following criteria:
 - i. The overall annual plan capital expenditure dollar amount is not exceeded; and
 - ii. Any overspends must be offset by savings in the current year or a reduction in the dollar amount carried forward to the following years; and
 - iii. The overspends will not result in other projects or sub projects being cancelled; or
 - iv. Any projects or sub projects included in the annual plan that will not be completed as planned in the current or following year will be reported to the appropriate Committee for approval.

For any projects that straddle more than one financial year then the 10% applies to the total project cost and not the cost in the current financial year.
 - c. Any actual or forecast variations to budget will be reported to the Council or a committee of the whole of Council for noting and approval.

3. The chief executive has the authority to approve unbudgeted expenditure (either capital or operating) where the incurring of the expenditure relates to:
 - a. urgent health and safety or legislative requirements.
 - b. an emergency (whether one has been declared or not) provided that if the amount is in excess of \$1,000,000 then the chief executive must consult with and get agreement from the mayor or deputy mayor if the mayor is incapacitated. However, in the highly exceptional event that the chief executive is unable to consult, then the chief executive is still authorised to commit to the expenditure, but must report the exercise of the delegation to the mayor and council as soon as possible.
4. The chief executive has the authority to allocate funding from the City Growth Fund up to a total commitment of \$300,000 provided that:
 - a. The criteria of the Fund are met; and
 - b. The decision is made in consultation with, the mayor, the deputy mayor and the chair of the Kōrau Mātinitini | Social, Cultural, and Economic Committee.
5. The chief executive has the authority to sign any contract or memorandum of understanding in order to give effect to the annual plan and long-term plan and / or existing policy. Where the content relates to Council's relationship with external stakeholders/organisations, the mayor must be advised. The mayor will determine whether the mayor or chief executive is the appropriate signatory and/or whether the matter is referred to Council or committee.
6. The chief executive officer in consultation with the deputy mayor has the authority to approve international travel for the mayor and/or elected members where an invitation is received and there is no travel cost to the Council.

Explanatory notes to delegations

7. This delegation affirms that the long-term plan and the annual plan provide the basis for the implementation of Council decisions by the chief executive. Through and under the Long-term plan and annual plan, operational and capital expenditure budgets, fees and charges, service levels, specific projects, and other significant requirements are approved by the Council.
8. The chief executive and management are then authorised to proceed to make all arrangements in line with those decisions.
9. The delegations are supported by effective communication and constructive working arrangements between elected members and the chief executive, such as the quarterly report, regular briefings, Council and chief executive only time, and the chief executive's key performance indicators.
10. These existing delegations were most recently affirmed by Council on 13 May 2021.
