Subject: RE: Response to request for information

Kia ora Julie

Thanks for your email.

Currently, one of the platforms on the Johnsonville line is not big enough for anything more than a four car train. Patronage on the Johnsonville line is also well below capacity, but if demand on the Johnsonville line increased, significant operational planning and infrastructure changes would need to occur in order to accommodate a larger train

Kind regards

Pareesha

Subject: Re Response to request for information

Hello Alice,

Thank you for the recent response to my LGOIMA request. I have one follow up question. I note the response is that four car trains run on the Johnsonville line at present. If demand was to increase how many cars per train (six, eight or more) could be run on the Johnsonville line?

Kind regards,
Julie Ward
