

## General point on Open Space and Recreation Zones

Sub-part / Chapter / Provision	Submitter Name	Sub No / Point No	Position	Summary of Submission	Decisions Requested
Open Space and Recreation Zones / General point on Open Space and Recreation Zones / General point on Open Space and Recreation Zones	Lorraine and Richard Smith	230.21	Not specified	Considers that areas of open space are recognised as essential to human wellbeing. [Refer to original submission for details]	Seeks that alienated areas of the Wellington Town Belt are returned to enhance green space in light of the Housing Accord intensification plan.
Open Space and Recreation Zones / General point on Open Space and Recreation Zones / General point on Open Space and Recreation Zones	James Coyle	307.24	Not specified	Considers that the Town Belt is relied on too much for providing green areas and numbers may be skewed as a result. While the town belt is an asset it is not accessible to all.	Not specified.
Open Space and Recreation Zones / General point on Open Space and Recreation Zones / General point on Open Space and Recreation Zones	James Coyle	307.25	Amend	Considers that more parks and public spaces should be planned to do density well, similar to Carrara Park.	Seeks that more parks and public spaces be planned.
Open Space and Recreation Zones / General point on Open Space and Recreation Zones / General point on Open Space and Recreation Zones	James Coyle	307.26	Amend	[No specific reason given beyond decision requested - refer to original submission].	Seeks that there are minimum walking distances to parks and public spaces based on density.
Open Space and Recreation Zones / General point on Open Space and Recreation Zones / General point on Open Space and Recreation Zones	Carolyn Stephens	344.12	Amend	Considers that the plan should be amended to provide for the addition and extension of new green space to balance increased residential densities. [Refer to original submission for full reason]	Seeks that the extent of green spaces be increased.
Open Space and Recreation Zones / General point on Open Space and Recreation Zones / General point on Open Space and Recreation Zones	Greater Wellington Regional Council	351.284	Support in part	Supports the provision for customary practices in this zone.	Retain chapter, subject to amendments outlined in other submission points.
Open Space and Recreation Zones / General point on Open Space and Recreation Zones / General point on Open Space and Recreation Zones	Greater Wellington Regional Council	351.285	Amend	Considers the provisions of the Open Space Zones to contribute to the qualities and characteristics of well-functioning urban environments as articulated in Objective 22 of Proposed RPS Change 1.	Seeks to ensure the Open Space Zone provisions have regard to the qualities and characteristics of well-functioning urban environments as articulated in Objective 22 of Proposed RPS Change 1, by including necessary objectives, policies, permitted standards and rules that provide for these qualities and characteristics.
Open Space and Recreation Zones / General point on Open Space and Recreation Zones / General point on Open Space and Recreation Zones	Inner City Wellington	352.5	Not specified	Considers that the plan may not be able to directly influence and improve Green Spaces.	Not specified.
Open Space and Recreation Zones / General point on Open Space and Recreation Zones / General point on Open Space and Recreation Zones	Josephine Brien / Tim Bollinger	365.5	Not specified	Considers that here are many further issues related to inner city greenery and its protection and extension, and to do with traffic management in the inner city urban area in the District Plan.	Not specified.
Open Space and Recreation Zones / General point on Open Space and Recreation Zones / General point on Open Space and Recreation Zones	Elizabeth Nagel	368.17	Amend	Considers that the plan should be amended to provide for the addition and extension of new green space to balance increased residential densities. [Refer to original submission for full reason]	Seeks that the extent of green spaces be increased.
